CONNECTICUT GENERAL LIFE INSURANCE COMPANY
a CIGNA company (called CG) certifies that it insures certain Employees for the benefits provided by the following policy(s):

POLICYHOLDER: Associated Universities, Inc.

GROUP POLICY(S) — COVERAGE
3213380 - OAP65 OPEN ACCESS PLUS MEDICAL BENEFITS

EFFECTIVE DATE: January 1, 2008

NOTICE
Any insurance benefits in this certificate will apply to an Employee only if: a) he has elected that benefit; and b) he has a "Final Confirmation Letter," with his name, which shows his election of that benefit.

This certificate describes the main features of the insurance. It does not waive or alter any of the terms of the policy(s). If questions arise, the policy(s) will govern.
This certificate takes the place of any other issued to you on a prior date which described the insurance.

Deborah Young, Corporate Secretary
Explanation of Terms
You will find terms starting with capital letters throughout your certificate. To help you understand your benefits, most of these terms are defined in the Definitions section of your certificate.

The Schedule
The Schedule is a brief outline of your maximum benefits which may be payable under your insurance. For a full description of each benefit, refer to the appropriate section listed in the Table of Contents.
**Special Plan Provisions**

When you select a Participating Provider, this Plan pays a greater share of the costs than if you select a non-Participating Provider. Participating Providers include Physicians, Hospitals and Other Health Care Professionals and Other Health Care Facilities. Consult your Physician Guide for a list of Participating Providers in your area. Participating Providers are committed to providing you and your Dependents appropriate care while lowering medical costs.

**Services Available in Conjunction With Your Medical Plan**

The following pages describe helpful services available in conjunction with your medical plan. You can access these services by calling the toll-free number shown on the back of your ID card.

---

**CIGNA'S Toll-Free Care Line**

CIGNA's toll-free care line allows you to talk to a health care professional during normal business hours, Monday through Friday, simply by calling the toll-free number shown on your ID card.

CIGNA's toll-free care line personnel can provide you with the names of Participating Providers. If you or your Dependents need medical care, you may consult your Physician Guide which lists the Participating Providers in your area or call CIGNA's toll-free number for assistance. If you or your Dependents need medical care while away from home, you may have access to a national network of Participating Providers through CIGNA's Away-From-Home Care feature. Call CIGNA's toll-free care line for the names of Participating Providers in other network areas. Whether you obtain the name of a Participating Provider from your Physician Guide or through the care line, it is recommended that prior to making an appointment you call the provider to confirm that he or she is a current participant in the Open Access Plus Program.

**Case Management**

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or in an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your Dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

1. You, your dependent or an attending Physician can request Case Management services by calling the toll-free number shown on your ID card during normal business hours, Monday through Friday. In addition, your employer, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.

2. The Review Organization assesses each case to determine whether Case Management is appropriate.

3. You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.

4. Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.

5. The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing
services or a Hospital bed and other Durable Medical Equipment for the home).

6. The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).

7. Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

Changing Primary Care Physicians:
You may request a transfer from one Primary Care Physician to another by contacting us at the member services number on your ID card. Any such transfer will be effective on the first day of the month following the month in which the processing of the change request is completed.

In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, you or your Dependent will be notified for the purpose of selecting a new Primary Care Physician, if you choose.

How To File Your Claim
The prompt filing of any required claim form will result in faster payment of your claim.
You may get the required claim forms from your Benefit Plan Administrator. All fully completed claim forms and bills should be sent directly to your servicing CG Claim Office.
Depending on your Group Insurance Plan benefits, file your claim forms as described below.

Hospital Confinement
If possible, get your Group Medical Insurance claim form before you are admitted to the Hospital. This form will make your admission easier and any cash deposit usually required will be waived.
If you have a Benefit Identification Card, present it at the admission office at the time of your admission. The card tells the Hospital to send its bills directly to CG.

Doctor's Bills and Other Medical Expenses
The first Medical Claim should be filed as soon as you have incurred covered expenses. Itemized copies of your bills should be sent with the claim form. If you have any additional bills after the first treatment, file them periodically.

CLAIM REMINDERS
• BE SURE TO USE YOUR MEMBER ID AND ACCOUNT NUMBER WHEN YOU FILE CG'S CLAIM FORMS, OR WHEN YOU CALL YOUR CG CLAIM OFFICE.
  YOUR MEMBER ID IS THE ID SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.
  YOUR ACCOUNT NUMBER IS THE 7-DIGIT POLICY NUMBER SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.
• PROMPT FILING OF ANY REQUIRED CLAIM FORMS RESULTS IN FASTER PAYMENT OF YOUR CLAIMS.
WARNING: Any person who knowingly presents a false or fraudulent claim for payment of a loss or benefit is guilty of a crime and may be subject to fines and confinement in prison.

Accident and Health Provisions
Claims
Notice of Claim
Written notice of claim must be given to CG within 30 days after the occurrence or start of the loss on which claim is based. If notice is not given in that time, the claim will not be invalidated or reduced if it is shown that written notice was given as soon as was reasonably possible.
Claim Forms
When CG receives the notice of claim, it will give to the claimant, or to the Policyholder for the claimant, the claim forms which it uses for filing proof of loss. If the claimant does not get these claim forms within 15 days after CG receives notice of claim, he will be considered to meet the proof of loss requirements of the policy if he submits written proof of loss within 90 days after the date of loss. This proof must describe the occurrence, character and extent of the loss for which claim is made.

Proof of Loss
Written proof of loss must be given to CG within 90 days after the date of the loss for which claim is made. If written proof of loss is not given in that time, the claim will not be invalidated or reduced if it is shown that written proof of loss was given as soon as was reasonably possible.

Physical Examination
CG, at its own expense, will have the right to examine any person for whom claim is pending as often as it may reasonably require.
Legal Actions
Where CG has followed the terms of the policy, no action at law or in equity will be brought to recover on the policy until at least 60 days after proof of loss has been filed with CG. No action will be brought at all unless brought within 3 years after the time within which proof of loss is required.

Eligibility - Effective Date
Eligibility for Employee Insurance
You will become eligible for insurance on the date you retire if you are in a Class of Eligible Employees.

Eligibility for Dependent Insurance
You will become eligible for Dependent insurance on the later of:
- the day you become eligible for yourself; or
- the day you acquire your first Dependent.

Classes of Eligible Employees
Each retired Employee as reported to the insurance company by your former Employer.

Employee Insurance
This plan is offered to you as a retired Employee. To be insured, you will have to pay part of the cost.

Effective Date of Your Insurance
You will become insured on the date you elect the insurance by signing a written agreement with the Policyholder to make the required contribution, but no earlier than the day you become eligible. To be insured for these benefits, you must elect the insurance for yourself no later than 30 days after your retirement.

Dependent Insurance
For your Dependents to be insured, you will have to pay part of the cost of Dependent Insurance.
**Open Access Plus Medical Benefits**

**The Schedule**

**For You and Your Dependents**

Open Access Plus Medical Benefits provide coverage for care In-Network and Out-of-Network. To receive Open Access Plus Medical Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for services and supplies. That portion is the Copayment, Deductible or Coinsurance.

If you are unable to locate an In-Network Provider in your area who can provide you with a service or supply that is covered under this plan, you must call the number on the back of your I.D. card to obtain authorization for Out-of-Network Provider coverage. If you obtain authorization for services provided by an Out-of-Network Provider, benefits for those services will be covered at the In-Network benefit level.

**Coinsurance**

The term Coinsurance means the percentage of charges for Covered Expenses that an insured person is required to pay under the plan.

**Copayments/Deductibles**

Copayments are expenses to be paid by you or your Dependent for covered services. Deductibles are also expenses to be paid by you or your Dependent. Deductible amounts are separate from and not reduced by Copayments. Copayments and Deductibles are in addition to any Coinsurance. Once the Deductible maximum in The Schedule has been reached you and your family need not satisfy any further medical deductible for the rest of that year.
# OPEN ACCESS PLUS MEDICAL BENEFITS

## The Schedule

### Out-of-Pocket Expenses

Out-of-Pocket Expenses are Covered Expenses incurred for In-Network and Out-of-Network charges that are not paid by the benefit plan because of any:

- Coinsurance.

Charges will not accumulate toward the Out-of-Pocket Maximum for Covered Expenses incurred for:

- non-compliance penalties.
- provider charges in excess of the Maximum Reimbursable Charge.

When the Out-of-Pocket Maximum shown in The Schedule is reached, Injury and Sickness benefits are payable at 100% except for:

- non-compliance penalties.
- provider charges in excess of the Maximum Reimbursable Charge.

### Accumulation of Plan Deductibles and Out-of-Pocket Maximums

Deductibles and Out-of-Pocket Maximums will accumulate in one direction (e.g. Out-of-Network will accumulate to In-Network). All other plan maximums and service-specific maximums (dollar and occurrence) cross-accumulate between In- and Out-of-Network unless otherwise noted.

### Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.
## OPEN ACCESS PLUS MEDICAL BENEFITS

### The Schedule

**Assistant Surgeon and Co-Surgeon Charges**

**Assistant Surgeon**
The maximum amount payable will be limited to charges made by an assistant surgeon that do not exceed 20 percent of the surgeon's allowable charge. (For purposes of this limitation, allowable charge means the amount payable to the surgeon prior to any reductions due to coinsurance or deductible amounts.)

**Co-Surgeon**
The maximum amount payable will be limited to charges made by co-surgeons that do not exceed 20 percent of the surgeon's allowable charge plus 20 percent. (For purposes of this limitation, allowable charge means the amount payable to the surgeons prior to any reductions due to coinsurance or deductible amounts.)

Maximum Reimbursable Charge is determined based on the lesser of the provider's normal charge for a similar service or supply; or a percentile of charges made by providers of such service or supply in the geographic area where the service is received. These charges are compiled in a database we have selected.

**Note:**
The provider may bill you for the difference between the provider's normal charge and the Maximum Reimbursable Charge, in addition to applicable deductibles, copayments and coinsurance.

**Treatment Resulting From Life Threatening Emergencies**

Medical treatment required as a result of an emergency, such as a suicide attempt, will be considered a medical expense until the medical condition is stabilized and will not count toward any plan limits that are shown in the Schedule for mental health and substance abuse services including in-hospital services. Once the medical condition is stabilized, whether the treatment will be characterized as either a medical expense or a mental health/substance abuse expense will be determined by the utilization review Physician in accordance with the applicable mixed services claim guidelines.

Open Access Plus Medical Benefits

Certification Requirements - Out-of-Network
For You and Your Dependents

Pre-Admission Certification/Continued Stay Review for Hospital Confinement

Pre-Admission Certification (PAC) and Continued Stay Review (CSR) refer to the process used to certify the Medical Necessity and length of a Hospital Confinement when you or your Dependent require treatment in a Hospital:

- as a registered bed patient;
- for a Partial Hospitalization for the treatment of Mental Health or Substance Abuse;
- for Mental Health or Substance Abuse Residential Treatment Services.

You or your Dependent should request PAC prior to any non-emergency treatment in a Hospital described above. In the case of an emergency admission, you should contact the Review Organization within 48 hours after the admission. For an admission due to pregnancy, you should call the Review Organization by the end of the third month of pregnancy. CSR should be requested, prior to the end of the certified length of stay, for continued Hospital Confinement.

Covered Expenses incurred will be reduced by 50% for Hospital charges made for each separate admission to the Hospital:

- unless PAC is received: (a) prior to the date of admission; or (b) in the case of an emergency admission, within 48 hours after the date of admission.

Covered Expenses incurred for which benefits would otherwise be payable under this plan for the charges listed below will not include:

- Hospital charges for Bed and Board, for treatment listed above for which PAC was performed, which are made for any day in excess of the number of days certified through PAC or CSR; and
- any Hospital charges for treatment listed above for which PAC was requested, but which was not certified as Medically Necessary.

PAC and CSR are performed through a utilization review program by a Review Organization with which CG has contracted.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the "Coordination of Benefits" section.

GM6000 PAC2 V9C

Prior Authorization/Pre-Authorized

The term Prior Authorization means the approval that a Participating Provider must receive from the Review Organization, prior to services being rendered, in order for certain services and benefits to be covered under this policy.

Services that require Prior Authorization include, but are not limited to:

- inpatient Hospital services;
- inpatient services at any participating Other Health Care Facility;
- residential treatment;
- intensive outpatient programs;
- nonemergency ambulance; or
- transplant services.

GM6000 05BPT16 V6

Covered Expenses

The term Covered Expenses means the expenses incurred by or on behalf of a person for the charges listed below if they are incurred after he becomes insured for these benefits. Expenses incurred for such charges are considered Covered Expenses to the extent that the services or supplies provided are recommended by a Physician, and are Medically Necessary for the care and treatment of an Injury or a Sickness, as determined by CG. Any applicable Copayments, Deductibles or limits are shown in The Schedule.

Covered Expenses

- charges made by a Hospital, on its own behalf, for Bed and Board and other Necessary Services and Supplies; except that for any day of Hospital Confinement, Covered Expenses will not include that portion of charges for Bed and Board which is more than the Bed and Board Limit shown in The Schedule.
- charges for licensed ambulance service to or from the nearest Hospital where the needed medical care and treatment can be provided.
• charges made by a Hospital, on its own behalf, for medical care and treatment received as an outpatient.
• charges made by a Free-Standing Surgical Facility, on its own behalf for medical care and treatment.
• charges made on its own behalf, by an Other Health Care Facility, including a Skilled Nursing Facility, a Rehabilitation Hospital or a subacute facility for medical care and treatment; except that for any day of Other Health Care Facility confinement, Covered Expenses will not include that portion of charges which are in excess of the Other Health Care Facility Daily Limit shown in The Schedule.
• charges made for Emergency Services and Urgent Care.
• charges made by a Physician or a Psychologist for professional services.
• charges made by a Nurse, other than a member of your family or your Dependent's family, for professional nursing service.
• charges made for an annual Papanicolaou laboratory screening test.
• charges for appropriate counseling, medical services connected with surgical therapies, including vasectomy and tubal ligation.
• charges made for laboratory services, radiation therapy and other diagnostic and therapeutic radiological procedures.
• charges made for Family Planning, including medical history, physical exam, related laboratory tests, medical supervision in accordance with generally accepted medical practices, other medical services, information and counseling on contraception, implanted/injected contraceptives.
• office visits, tests and counseling for Family Planning services are subject to the Preventive Care Maximum shown in the Schedule.
• charges made for Routine Preventive Care from age 4 including immunizations, not to exceed the maximum shown in the Schedule. Routine Preventive Care means health care assessments, wellness visits and any related services.
• charges made for visits for routine preventive care of a Dependent child during the first three years of that Dependent child’s life, including immunizations.
• charges made for anesthetics and their administration; diagnostic x-ray and laboratory examinations; x-ray, radium, and radioactive isotope treatment; chemotherapy; blood transfusions; oxygen and other gases and their administration.
• charges for Early Intervention Services, including speech and language therapy, occupational therapy, physical therapy and assistive technology services and devices for Dependents from birth to age 3 who are certified by the Department of Mental Health, Retardation and Substance Abuse services as eligible for services under the Individuals with Disabilities Education Act. No plan or lifetime maximum may be applied to this benefit. Annual benefits payable will not exceed $5,000.
• charges made for or in connection with a drug that has been prescribed for the treatment of a type of cancer for which it has not been approved by the Food and Drug Administration (FDA). Such drug must be covered, provided: (a) it is recognized as medically appropriate for the treatment of the specific type of cancer for which the drug has been prescribed in any one of the following reference compendia: American Medical Association Drug Evaluations; American Hospital Formulary Service Drug Information; United States Pharmacopeia Drug Information; or the drug is recommended by one review article in a U.S. peer-reviewed national professional journal; (b) it has been otherwise approved by the FDA; and (c) its use for the specific type of cancer treatment prescribed has not been contraindicated by the FDA.
• orthognathic surgery to repair or correct a severe facial deformity or disfigurement that orthodontics alone can not correct, provided:
  • the deformity or disfigurement is accompanied by a documented clinically significant functional impairment, and there is a reasonable expectation that the procedure will result in meaningful functional improvement; or
  • the orthognathic surgery is Medically Necessary as a result of tumor, trauma, disease or;
  • the orthognathic surgery is performed prior to age 19 and is required as a result of severe congenital facial deformity or congenital condition.
Repeat or subsequent orthognathic surgeries for the same condition are covered only when the previous orthognathic surgery met the above requirements, and there is a high probability of significant additional improvement as determined by the utilization review Physician.

Phase II cardiac rehabilitation provided on an outpatient basis following diagnosis of a qualifying cardiac condition when Medically Necessary. Phase II is a Hospital-based outpatient program following an inpatient Hospital discharge. The Phase II program must be Physician directed with active treatment and EKG monitoring.

Phase III and Phase IV cardiac rehabilitation is not covered. Phase III follows Phase II and is generally conducted at a recreational facility primarily to maintain the patient's status achieved through Phases I and II. Phase IV is an advancement of Phase III which includes more active participation and weight training.

- charges for prostate-specific antigen (PSA) test and a digital rectal examination for the detection of prostate cancer for: (a) men aged 50 and over, regardless of whether or not symptoms are present; and (b) men aged 40 and over who are considered a high risk for prostate cancer.
- charges for at least 48 hours of inpatient care following a radical or modified radical mastectomy, and for at least 24 hours of inpatient care following a total mastectomy or partial mastectomy with lymph node dissection, for the treatment of breast cancer.
- charges not to exceed a single baseline mammogram for women ages 35-39; a mammogram every two years for women ages 40-49; and an annual mammogram for women age 50 and over. The guidelines for a covered mammogram are that it must be: (a) prescribed by a health care practitioner; (b) performed by a registered technologist; (c) interpreted by a qualified radiologist; (d) performed under the direction of a person certified by the American Board of Radiology or an equivalent examining body; and that (e) a copy of the mammogram report must be sent or delivered to the health care practitioner who ordered it.
- charges made for treatment of Biologically-Based Mental Illness. Such Covered Expenses will be payable the same as for other illnesses. Any Mental Illness Maximums in the Schedule and any Full Payment Area exceptions for mental illness will not apply to any Biologically-Based Mental Illness.

- coverage for a vaginal hysterectomy for at least 23 hours for a laparoscopy-assisted vaginal hysterectomy and 48 hours for a vaginal hysterectomy. A shorter stay is acceptable if the Physician and insured agree that it is appropriate.
- charges for colorectal cancer screening in accordance with the most recently published recommendations of the American College of Gastroenterology in conjunction with the American Cancer Society. Coverage includes screening with an annual fecal occult blood test, flexible sigmoidoscopy, colonoscopy, or radiologic imaging.
- charges made for surgical and nonsurgical care of Temporomandibular Joint Dysfunction (TMJ) excluding appliances and orthodontic treatment.

- charges for supplies, equipment, and self-management training and education, including nutritional therapy, for the treatment of insulin-dependent diabetes, insulin-using diabetes, gestational diabetes, and noninsulin-using diabetes when prescribed by a qualified provider. Diabetes equipment and supplies will not be considered durable medical equipment;
- charges for all routine and necessary immunizations for insured children from birth to age 3. Immunizations will include: (1) diphtheria; (2) hepatitis; (3) measles; (4) mumps; (5) pertussis; (6) polio; (7) rubella (8) tetanus and (9) any other immunization prescribed by the Commissioner of Health;
- charges for Medically Necessary general anesthesia and hospitalization or made by a facility licensed to provide outpatient surgical procedures for dental care. The insured must: (a) be under 5 years of age; (b) be severely disabled; or (c) have a medical condition that requires admission to a hospital or outpatient surgical facility and general anesthesia for dental care. Dental care is determined by a licensed dentist in consultation with the treating Physician. Medical Necessity includes, but is not limited to, the determination of whether or not a person's age, physical condition, or mental condition would require such dental care.
• charges for infant hearing screening and all necessary audiological examinations. Coverage includes Medically Necessary follow-up evaluations to confirm the existence or absence of hearing loss.

• charges made for or in connection with the treatment of congenital defects and abnormalities, including for your newborn child from the moment of birth; and with the treatment of cleft lip, cleft palate and ectodermal dysplasia; including inpatient and outpatient dental, oral surgical and orthodontic services.

• costs associated with managing the research associated with the clinical trial; and the cost of the investigational drug or device.

Genetic Testing

• charges made for genetic testing that uses a proven testing method for the identification of genetically-linked inheritable disease. Genetic testing is covered only if:
  • a person has symptoms or signs of a genetically-linked inheritable disease;
  • it has been determined that a person is at risk for carrier status as supported by existing peer-reviewed, evidence-based, scientific literature for the development of a genetically-linked inheritable disease when the results will impact clinical outcome; or
  • the therapeutic purpose is to identify specific genetic mutation that has been demonstrated in the existing peer-reviewed, evidence-based, scientific literature to directly impact treatment options.

Pre-implantation genetic testing, genetic diagnosis prior to embryo transfer, is covered when either parent has an inherited disease or is a documented carrier of a genetically linked inheritable disease.

Genetic counseling is covered if a person is undergoing approved genetic testing, or if a person has an inherited disease and is a potential candidate for genetic testing. Genetic counseling is limited to 3 visits per calendar year for both pre- and postgenetic testing.

Nutritional Evaluation

• charges made for nutritional evaluation and counseling when diet is a part of the medical management of a documented organic disease.

Internal Prosthetic/Medical Appliances

• charges made for internal prosthetic/medical appliances that provide permanent or temporary internal functional supports for nonfunctional body parts are covered. Medically Necessary repair, maintenance or replacement of a covered appliance is also covered.

Home Health Services

• charges made for Home Health Services when you: (a) require skilled care; (b) are unable to obtain the required care as an ambulatory outpatient; and (c) do not require confinement in a Hospital or Other Health Care Facility.
Home Health Services are provided only if CG has determined that the home is a medically appropriate setting. If you are a minor or an adult who is dependent upon others for nonskilled care and/or custodial services (e.g., bathing, eating, toileting), Home Health Services will be provided for you only during times when there is a family member or care giver present in the home to meet your nonskilled care and/or custodial services needs.

Home Health Services are those skilled health care services that can be provided during visits by Other Health Care Professionals. The services of a home health aide are covered when rendered in direct support of skilled health care services provided by Other Health Care Professionals. A visit is defined as a period of 2 hours or less. Home Health Services are subject to a maximum of 16 hours in total per day. Necessary consumable medical supplies and home infusion therapy administered or used by Other Health Care Professionals in providing Home Health Services are covered. Home Health Services do not include services by a person who is a member of your family or your Dependent's family or who normally resides in your house or your Dependent's house even if that person is an Other Health Care Professional. Skilled nursing services or private duty nursing services provided in the home are subject to the Home Health Services benefit terms, conditions and benefit limitations. Physical, occupational, and other Short-Term Rehabilitative Therapy services provided in the home are not subject to the Home Health Services benefit limitations in the Schedule, but are subject to the benefit limitations described under Short-term Rehabilitative Therapy Maximum shown in The Schedule.

Hospice Care Services
- charges made for a person who has been diagnosed as having six months or fewer to live, due to Terminal Illness, for the following Hospice Care Services provided under a Hospice Care Program:
  - by a Hospice Facility for Bed and Board and Services and Supplies;
  - by a Hospice Facility for services provided on an outpatient basis;
  - by a Physician for professional services;
  - by a Psychologist, social worker, family counselor or ordained minister for individual and family counseling;
  - for pain relief treatment, including drugs, medicines and medical supplies;
  - by an Other Health Care Facility for:
    - part-time or intermittent nursing care by or under the supervision of a Nurse;
    - part-time or intermittent services of an Other Health Care Professional;

  - physical, occupational and speech therapy;
  - medical supplies; drugs and medicines lawfully dispensed only on the written prescription of a Physician; and laboratory services; but only to the extent such charges would have been payable under the policy if the person had remained or been Confined in a Hospital or Hospice Facility.

The following charges for Hospice Care Services are not included as Covered Expenses:
- for the services of a person who is a member of your family or your Dependent's family or who normally resides in your house or your Dependent's house;
- for any period when you or your Dependent is not under the care of a Physician;
- for services or supplies not listed in the Hospice Care Program;
- for any curative or life-prolonging procedures;
- to the extent that any other benefits are payable for those expenses under the policy;
- for services or supplies that are primarily to aid you or your Dependent in daily living;

Mental Health and Substance Abuse Services
Mental Health Services are services that are required to treat a disorder that impairs the behavior, emotional reaction or thought processes. In determining benefits payable, charges made for the treatment of any physiological conditions related to Mental Health will not be considered to be charges made for treatment of Mental Health.

Substance Abuse is defined as the psychological or physical dependence on alcohol or other mind-altering drugs that requires diagnosis, care, and treatment. In determining benefits payable, charges made for the treatment of any physiological conditions related to rehabilitation services for alcohol or drug abuse or addiction will not be considered to be charges made for treatment of Substance Abuse.
Inpatient Mental Health Services

Services that are provided by a Hospital while you or your Dependent is Confined in a Hospital for the treatment and evaluation of Mental Health. Inpatient Mental Health Services include Partial Hospitalization and Mental Health Residential Treatment Services.

Inpatient Mental Health services are exchangeable with Partial Hospitalization sessions when services are provided for not less than 4 hours and not more than 12 hours in any 24-hour period. The exchange for services will be two Partial Hospitalization sessions equal to one day of inpatient care.

Mental Health Residential Treatment Services are services provided by a Hospital for the evaluation and treatment of the psychological and social functional disturbances that are a result of subacute Mental Health conditions.

Mental Health Residential Treatment Services are exchanged with Inpatient Mental Health services at a rate of two days of Mental Health Residential Treatment being equal to one day of Inpatient Mental Health Treatment.

Mental Health Residential Treatment Center means an institution which (a) specializes in the treatment of psychological and social disturbances that are the result of Mental Health conditions; (b) provides a subacute, structured, psychotherapeutic treatment program, under the supervision of Physicians; (c) provides 24-hour care, in which a person lives in an open setting; and (d) is licensed in accordance with the laws of the appropriate legally authorized agency as a residential treatment center.

A person is considered confined in a Mental Health Residential Treatment Center when she/he is a registered bed patient in a Mental Health Residential Treatment Center upon the recommendation of a Physician.

Outpatient Mental Health Services

Services of Providers who are qualified to treat Mental Health when treatment is provided on an outpatient basis, while you or your Dependent is not Confined in a Hospital, and is provided in an individual, group or Mental Health Intensive Outpatient Therapy Program. Covered services include, but are not limited to, outpatient treatment of conditions such as: anxiety or depression which interfere with daily functioning; emotional adjustment or concerns related to chronic conditions, such as psychosis or depression; emotional reactions associated with marital problems or divorce; child/adolescent problems of conduct or poor impulse control; affective disorders; suicidal or homicidal threats or acts; eating disorders; or acute exacerbation of chronic Mental Health conditions (crisis intervention and relapse prevention) and outpatient testing and assessment.

A Mental Health Intensive Outpatient Therapy Program consists of distinct levels or phases of treatment that are provided by a certified/licensed Mental Health program. Intensive Outpatient Therapy Programs provide a combination of individual, family and/or group therapy in a day, totaling nine or more hours in a week. Mental Health Intensive Outpatient Therapy Program services are exchanged with Outpatient Mental Health services at a rate of one visit of Mental Health Intensive Outpatient Therapy being equal to one visit of Outpatient Mental Health Services.

Inpatient Substance Abuse Rehabilitation Services

Services provided for rehabilitation, while you or your Dependent is Confined in a Hospital, when required for the diagnosis and treatment of abuse or addiction to alcohol and/or drugs. Inpatient Substance Abuse Services include Partial Hospitalization sessions and Residential Treatment services.

Inpatient Substance Abuse services are exchangeable with Partial Hospitalization sessions when services are provided for not less than 4 hours and not more than 12 hours in any 24-hour period. The exchange for services will be two Partial Hospitalization sessions equal to one day of inpatient care.

Substance Abuse Residential Treatment Services are services provided by a Hospital for the evaluation and treatment of the psychological and social functional disturbances that are a result of subacute Substance Abuse conditions.

Substance Abuse Residential Treatment services are exchanged with Inpatient Substance Abuse services at a rate of two days of Substance Abuse Residential Treatment being equal to one day of Inpatient Substance Abuse Treatment.

Substance Abuse Residential Treatment Center means an institution which (a) specializes in the treatment of psychological and social disturbances that are the result of Substance Abuse; (b) provides a subacute, structured, psychotherapeutic treatment program, under the supervision of Physicians; (c) provides 24-hour care, in which a person lives in an open setting; and (d) is licensed in accordance with the laws of the appropriate legally authorized agency as a residential treatment center.

A person is considered confined in a Substance Abuse Residential Treatment Center when she/he is a registered bed patient in a Substance Abuse Residential Treatment Center upon the recommendation of a Physician.
Outpatient Substance Abuse Rehabilitation Services
Services provided for the diagnosis and treatment of abuse or addiction to alcohol and/or drugs, while you or your Dependent is not Confined in a Hospital, including outpatient rehabilitation in an individual, or a Substance Abuse Intensive Outpatient Therapy Program.

A Substance Abuse Intensive Outpatient Therapy Program consists of distinct levels or phases of treatment that are provided by a certified/licensed Substance Abuse program. Intensive Outpatient Therapy Programs provide a combination of individual, family and/or group therapy in a day, totaling nine, or more hours in a week. Substance Abuse Intensive Outpatient Therapy Program services are exchanged with Outpatient Substance Abuse services at a rate of one visit of Substance Abuse Intensive Outpatient Therapy being equal to one visit of Outpatient Substance Abuse Rehabilitation Services.

Substance Abuse Detoxification Services
Detoxification and related medical ancillary services are provided when required for the diagnosis and treatment of addiction to alcohol and/or drugs. CG will decide, based on the Medical Necessity of each situation, whether such services will be provided in an inpatient or outpatient setting.

Exclusions
The following are specifically excluded from Mental Health and Substance Abuse Services:

- any court ordered treatment or therapy, or any treatment or therapy ordered as a condition of parole, probation or custody or visitation evaluations unless Medically Necessary and otherwise covered under this policy or agreement.
- treatment of disorders which have been diagnosed as organic mental disorders associated with permanent dysfunction of the brain.
- developmental disorders, including but not limited to, developmental reading disorders, developmental arithmetic disorders, developmental language disorders or developmental articulation disorders.
- counseling for activities of an educational nature.
- counseling for borderline intellectual functioning.
- counseling for occupational problems.
- counseling related to consciousness raising.
- vocational or religious counseling.
- I.Q. testing.
- custodial care, including but not limited to geriatric day care.
- psychological testing on children requested by or for a school system.
- occupational/recreational therapy programs even if combined with supportive therapy for age-related cognitive decline.

Durable Medical Equipment

- charges made for purchase or rental of Durable Medical Equipment that is ordered or prescribed by a Physician and provided by a vendor approved by CG for use outside a Hospital or Other Health Care Facility. Coverage for repair, replacement or duplicate equipment is provided only when required due to anatomical change and/or reasonable wear and tear. All maintenance and repairs that result from a person’s misuse are the person’s responsibility. Coverage for Durable Medical Equipment is limited to the lowest-cost alternative as determined by the utilization review Physician.

Durable Medical Equipment is defined as items which are designed for and able to withstand repeated use by more than one person; customarily serve a medical purpose; generally are not useful in the absence of Injury or Sickness; are appropriate for use in the home; and are not disposable. Such equipment includes, but is not limited to, crutches, hospital beds, respirators, wheel chairs, and dialysis machines.

Durable Medical Equipment items that are not covered include but are not limited to those that are listed below:

- Bed Related Items: bed trays, over the bed tables, bed wedges, pillows, custom bedroom equipment, mattresses, including nonpower mattresses, custom mattresses and posturepedic mattresses.
- Bath Related Items: bath lifts, nonportable whirlpools, bathtub rails, toilet rails, raised toilet seats, bath benches, bath stools, hand held showers, paraffin baths, bath mats, and spas.

- Chairs, Lifts and Standing Devices: computerized or gyroscopic mobility systems, roll about chairs, geriatric chairs, hip chairs, seat lifts (mechanical or motorized), patient lifts (mechanical or motorized – manual hydraulic lifts are covered if patient is two-person transfer), and auto tilt chairs.
- Fixtures to Real Property: ceiling lifts and wheelchair ramps.
- Car/Van Modifications.
• **Air Quality Items:** room humidifiers, vaporizers, air purifiers and electrostatic machines.

• **Blood/Injection Related Items:** blood pressure cuffs, centrifuges, nova pens and needleless injectors.

• **Other Equipment:** heat lamps, heating pads, cryounits, cryotherapy machines, electronic-controlled therapy units, ultraviolet cabinets, sheepskin pads and boots, postural drainage board, AC/DC adaptors, enuresis alarms, magnetic equipment, scales (baby and adult), stair gliders, elevators, saunas, any exercise equipment and diathermy machines.

**External Prosthetic Appliances and Devices**

- charges made or ordered by a Physician for: the initial purchase and fitting of external prosthetic appliances and devices available only by prescription which are necessary for the alleviation or correction of Injury, Sickness or congenital defect. Coverage for External Prosthetic Appliances is limited to the most appropriate and cost effective alternative as determined by the utilization review Physician.

External prosthetic appliances and devices shall include prostheses/prosthetic appliances and devices, orthoses and orthotic devices; braces; and splints.

**Prostheses/Prosthetic Appliances and Devices**

Prostheses/prosthetic appliances and devices are defined as fabricated replacements for missing body parts. Coverage is provided for custom foot orthoses and other orthoses as follows:

- basic limb prostheses;
- terminal devices such as hands or hooks; and
- speech prostheses.

**Orthoses and Orthotic Devices**

Orthoses and orthotic devices are defined as orthopedic appliances or apparatuses used to support, align, prevent or correct deformities. Coverage is provided for custom foot orthoses and other orthoses as follows:

- Nonfoot orthoses – only the following nonfoot orthoses are covered:
  - rigid and semirigid custom fabricated orthoses,
  - semirigid prefabricated and flexible orthoses; and
- rigid prefabricated orthoses including preparation, fitting and basic additions, such as bars and joints.

- Custom foot orthoses – custom foot orthoses are only covered as follows:
  - for persons with impaired peripheral sensation and/or altered peripheral circulation (e.g. diabetic neuropathy and peripheral vascular disease);
  - when the foot orthosis is an integral part of a leg brace and is necessary for the proper functioning of the brace;
  - when the foot orthosis is for use as a replacement or substitute for missing parts of the foot (e.g. amputated toes) and is necessary for the alleviation or correction of Injury, Sickness or congenital defect; and
  - for persons with neurologic or neuromuscular condition (e.g. cerebral palsy, hemiplegia, spina bifida) producing spasticity, malalignment, or pathological positioning of the foot and there is reasonable expectation of improvement.

The following are specifically excluded orthoses and orthotic devices:

- prefabricated foot orthoses;
- cranial banding and/or cranial orthoses. Other similar devices are excluded except when used postoperatively for synostotic plagiocephaly. When used for this indication, the cranial orthosis will be subject to the limitations and maximums of the External Prosthetic Appliances and Devices benefit;
- orthosis shoes, shoe additions, procedures for foot orthopedic shoes, shoe modifications and transfers;
- orthoses primarily used for cosmetic rather than functional reasons; and
- orthoses primarily for improved athletic performance or sports participation.

**Braces**

A Brace is defined as an orthosis or orthopedic appliance that supports or holds in correct position any movable part of the body and that allows for motion of that part.

The following braces are specifically excluded: Copes scoliosis braces.

**Splints**

A Splint is defined as an appliance for preventing movement of a joint or for the fixation of displaced or movable parts.
Coverage for replacement of external prosthetic appliances and devices is limited to the following:

- Replacement due to regular wear. Replacement for damage due to abuse or misuse by the person will not be covered.
- Replacement will be provided when anatomic change has rendered the external prosthetic appliance or device ineffective. Anatomic change includes significant weight gain or loss, atrophy and/or growth.
- Coverage for replacement is limited as follows:
  - No more than once every 24 months for persons 19 years of age and older and
  - No more than once every 12 months for persons 18 years of age and under.
- Replacement due to a surgical alteration or revision of the site.

The following are specifically excluded external prosthetic appliances and devices:

- External and internal power enhancements or power controls for prosthetic limbs and terminal devices; and
- Myoelectric prostheses peripheral nerve stimulators.

Infertility Services

- Charges made for services related to diagnosis of infertility and treatment of infertility once a condition of infertility has been diagnosed. Services include, but are not limited to: infertility drugs which are administered or provided by a physician, approved surgeries and other therapeutic procedures that have been demonstrated in existing peer-reviewed, evidence-based, scientific literature to have a reasonable likelihood of resulting in pregnancy; laboratory tests; sperm washing or preparation; artificial insemination; diagnostic evaluations; gamete intrafallopian transfer (GIFT); in vitro fertilization (IVF); zygote intrafallopian transfer (ZIFT); and the services of an embryologist.

Infertility is defined as the inability of opposite sex partners to achieve conception after one year of unprotected intercourse; or the inability of a woman to achieve conception after six trials of artificial insemination over a one-year period. This benefit includes diagnosis and treatment of both male and female infertility.

However, the following are specifically excluded infertility services:

- Reversal of male and female voluntary sterilization;
- Infertility services when the infertility is caused by or related to voluntary sterilization;
- Donor charges and services;
- Cryopreservation of donor sperm and eggs; and
- Any experimental, investigational or unproven infertility procedures or therapies.

Short-Term Rehabilitative Therapy

Short-term Rehabilitative Therapy that is part of a rehabilitation program, including physical, speech, occupational, cognitive, osteopathic manipulative and pulmonary rehabilitation therapy, when provided in the most medically appropriate setting.

The following limitation applies to Short-term Rehabilitative Therapy:

- Occupational therapy is provided only for purposes of enabling persons to perform the activities of daily living after an illness or injury or sickness.

Short-term Rehabilitative Therapy services that are not covered include but are not limited to:

- Sensory integration therapy, group therapy; treatment of dyslexia; behavior modification or myofunctional therapy for dysfluency, such as stuttering or other involuntarily acted conditions without evidence of an underlying medical condition or neurological disorder;
- Treatment for functional articulation disorder such as correction of tongue thrust, lisp, verbal apraxia or swallowing dysfunction that is not based on an underlying diagnosed medical condition or injury; and
- Maintenance or preventive treatment consisting of routine, long-term or non-Medically Necessary care provided to prevent recurrence or to maintain the patient’s current status;

A separate Copayment will apply to the services provided by each provider.

Services that are provided by a chiropractic physician are not covered.

These services include the conservative management of acute neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to restore motion, reduce pain and improve function.

Chiropractic Care Services

Charges made for diagnostic and treatment services utilized in an office setting by chiropractic physicians. Chiropractic treatment includes the conservative management of acute
neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to specific joints to restore motion, reduce pain, and improve function. For these services you have direct access to qualified chiropractic Physicians.

The following limitation applies to Chiropractic Care Services:
- Occupational therapy is provided only for purposes of enabling persons to perform the activities of daily living after an Injury or Sickness;

Chiropractic Care services that are not covered include but are not limited to:
- services of a chiropractor which are not within his scope of practice, as defined by state law;
- charges for care not provided in an office setting;
- maintenance or preventive treatment consisting of routine, longterm or non-Medically Necessary care provided to prevent recurrence or to maintain the patient’s current status; and
- vitamin therapy.

Transplant Services
- charges made for human organ and tissue transplant services which include solid organ and bone marrow/stem cell procedures at designated facilities throughout the United States or its territories. This coverage is subject to the following conditions and limitations.

Transplant services include the recipient’s medical, surgical and Hospital services; inpatient immunosuppressive medications; and costs for organ or bone marrow/stem cell procurement. Transplant services are covered only if they are required to perform any of the following human to human organ or tissue transplants: allogeneic bone marrow/stem cell, autologous bone marrow/stem cell, cornea, heart/lung, kidney, kidney/pancreas, liver, lung, pancreas or intestine which includes small bowel, liver or multiple viscera.

All Transplant services received from non-Participating Providers are payable at the Out-of-Network level.

All Transplant services, other than cornea, are payable at 100% when received at CIGNA LIFESOURCE Transplant Network® facilities. Cornea transplants are not covered at CIGNA LIFESOURCE Transplant Network® facilities. Transplant services, including cornea, when received from Participating Provider facilities other than CIGNA LIFESOURCE Transplant Network® facilities are payable at the In-Network level.

Coverage for organ procurement costs are limited to costs directly related to the procurement of an organ, from a cadaver or a live donor. Organ procurement costs shall consist of surgery necessary for organ removal, organ transportation and the transportation, hospitalization and surgery of a live donor. Compatibility testing undertaken prior to procurement is covered if Medically Necessary. Costs related to the search for, and identification of a bone marrow or stem cell donor for an allogeneic transplant are also covered.

Transplant Travel Services
Charges made for reasonable travel expenses incurred by you in connection with a preapproved organ/tissue transplant are covered subject to the following conditions and limitations. Transplant travel benefits are not available for cornea transplants. Benefits for transportation, lodging and food are available to you only if you are the recipient of a preapproved organ/tissue transplant from a designated CIGNA LIFESOURCE Transplant Network® facility. The term recipient is defined to include a person receiving authorized transplant related services during any of the following: (a) evaluation, (b) candidacy, (c) transplant event, or (d) post-transplant care. Travel expenses for the person receiving the transplant will include charges for: transportation to and from the transplant site (including charges for a rental car used during a period of care at the transplant facility); lodging while at, or traveling to and from the transplant site; and food while at, or traveling to and from the transplant site.

In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you, but actively involved as your caregiver. The following are specifically excluded travel expenses:
- travel costs incurred due to travel within 60 miles of your home; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

These benefits are only available when the covered person is the recipient of an organ transplant. No benefits are available when the covered person is a donor.

Breast Reconstruction and Breast Prostheses
- charges made for reconstructive surgery following a mastectomy; benefits include: (a) surgical services for reconstruction of the breast on which surgery was performed; (b) surgical services for reconstruction of the
nondiseased breast to produce symmetrical appearance; (c) postoperative breast prostheses; and (d) mastectomy bras and external prosthetics, limited to the lowest cost alternative available that meets external prosthetic placement needs. During all stages of mastectomy, treatment of physical complications, including lymphedema therapy, are covered.

**Reconstructive Surgery**

- charges made for reconstructive surgery or therapy to repair or correct a severe physical deformity or disfigurement which is accompanied by functional deficit; provided that:
  - (a) the surgery or therapy restores or improves function;
  - (b) reconstruction is required as a result of Medically Necessary, noncosmetic surgery;
  - (c) the surgery or therapy is performed prior to age 19 and is required as a result of the congenital absence or agenesis (lack of formation or development) of a body part. Repeat or subsequent surgeries for the same condition are covered only when there is the probability of significant additional improvement as determined by the utilization review Physician.
# Prescription Drug Benefits

## The Schedule

### For You and Your Dependents

This plan provides Prescription Drug benefits for Prescription Drugs and Related Supplies provided by Pharmacies as shown in this Schedule. To receive Prescription Drug Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for Prescription Drugs and Related Supplies for each 30-day supply at a retail pharmacy or each 90-day supply at a mail order pharmacy. That portion is the Copayment or Coinsurance.

### Coinsurance

The term Coinsurance means the percentage of charges for covered Prescription Drugs and Related Supplies that you or your Dependent are required to pay under this plan.

### Copayments

Copayments are expenses to be paid by you or your Dependent for covered Prescription Drugs and Related Supplies. Copayments are in addition to any Coinsurance.

Prescription Drug Benefits
For You and Your Dependents

Covered Expenses
If you or any one of your Dependents, while insured for Prescription Drug Benefits, incurs expenses for charges made by a Pharmacy, for Medically Necessary Prescription Drugs or Related Supplies ordered by a Physician, CG will provide coverage for those expenses as shown in the Schedule. Coverage also includes Medically Necessary Prescription Drugs and Related Supplies dispensed for a prescription issued to you or your Dependents by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When you or a Dependent is issued a prescription for Medically Necessary Prescription Drugs or Related Supplies as part of the rendering of Emergency Services and that prescription cannot reasonably be filled by a Participating Pharmacy, the prescription will be covered by CG, as if filled by a Participating Pharmacy.

Limitations
Each Prescription Order or refill shall be limited as follows:
• up to a consecutive 30-day supply, at a retail Pharmacy, unless limited by the drug manufacturer's packaging; or
• up to a consecutive 90-day supply at a mail-order Participating Pharmacy, unless limited by the drug manufacturer's packaging; or
• to a dosage and/or dispensing limit as determined by the P&T Committee.

Coverage for certain Prescription Drugs and Related Supplies requires your Physician to obtain authorization prior to prescribing. If your Physician wishes to request coverage for Prescription Drugs or Related Supplies for which prior authorization is required, your Physician may call or complete the appropriate prior authorization form and fax it to CG to request prior authorization for coverage of the Prescription Drugs or Related Supplies. Your Physician should make this request before writing the prescription.

If the request is approved, your Physician will receive confirmation. The authorization will be processed in our claim system to allow you to have coverage for those Prescription Drugs or Related Supplies. The length of the authorization will depend on the diagnosis and Prescription Drugs or Related Supplies. When your Physician advises you that coverage for the Prescription Drugs or Related Supplies has been approved, you should contact the Pharmacy to fill the prescription(s).

If the request is denied, your Physician and you will be notified that coverage for the Prescription Drugs or Related Supplies is not authorized.

If you disagree with a coverage decision, you may appeal that decision in accordance with the provisions of the Policy, by submitting a written request stating why the Prescription Drugs or Related Supplies should be covered.

If you have questions about a specific prior authorization request, you should call Member Services at the toll-free number on the ID card.

All drugs newly approved by the Food and Drug Administration (FDA) are designated as either non-Preferred or non-Prescription Drug List drugs until the P & T Committee clinically evaluates the Prescription Drug for a different designation.

Prescription Drugs that represent an advance over available therapy according to the FDA will be reviewed by the P&T Committee within six months after FDA approval.

Prescription Drugs that appear to have therapeutic qualities similar to those of an already marketed drug according to the FDA, will not be reviewed by the P&T Committee for at least six months after FDA approval. In the case of compelling clinical data, an ad hoc group will be formed to make an interim decision on the merits of a Prescription Drug.

Your Payments
Coverage for Prescription Drugs and Related Supplies purchased at a Pharmacy is subject to the Copayment or Coinsurance shown in the Schedule, after you have satisfied your Prescription Drug Deductible, if applicable. Please refer to the Schedule for any required Copayments, Coinsurance, Deductibles or Maximums if applicable.

When a treatment regimen contains more than one type of Prescription Drug which are packaged together for your, or your Dependent's convenience, a Copayment will apply to each Prescription Drug.

- prescriptions more than one year from the original date of issue.

Other limitations are shown in the Medical "Exclusions" section.

Reimbursement/Filing a Claim

When you or your Dependents purchase your Prescription Drugs or Related Supplies through a retail Participating Pharmacy, you pay any applicable Copayment, Coinsurance or Deductible shown in the Schedule at the time of purchase. You do not need to file a claim form.

If you or your Dependents purchase your Prescription Drugs or Related Supplies through a non-Participating Pharmacy, you pay the full cost at the time of purchase. You must submit a claim form to be reimbursed.

To purchase Prescription Drugs or Related Supplies from a mail-order Participating Pharmacy, see your mail-order drug introductory kit for details, or contact member services for assistance.

See your Employer's Benefit Plan Administrator to obtain the appropriate claim form.

Exclusions, Expenses Not Covered and General Limitations

Additional coverage limitations determined by plan or provider type are shown in the Schedule. Payment for the following is specifically excluded from this plan:

- to the extent that you or any one of your Dependents is in any way paid or entitled to payment for those expenses by or through a public program, other than Medicaid.
to the extent that payment is unlawful where the person resides when the expenses are incurred.

- charges made by a Hospital owned or operated by or which provides care or performs services for, the United States Government, if such charges are directly related to a military-service-connected Injury or Sickness.

- for or in connection with an Injury or Sickness which is due to war, declared or undeclared.

- charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan.

- assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other Custodial Services or self-care activities, homemaker services and services primarily for rest, domiciliary or convalescent care.

to the extent of the exclusions imposed by any certification requirement shown in this plan.

Coordination of Benefits

This section applies if you or any one of your Dependents is covered under more than one Plan and determines how benefits payable from all such Plans will be coordinated. You should file all claims with each Plan.
Definitions
For the purposes of this section, the following terms have the meanings set forth below:

Plan
Any of the following that provides benefits or services for medical care or treatment:

1. Group insurance and/or group-type coverage, whether insured or self-insured, including closed panel coverage, which neither can be purchased by the general public, nor is individually underwritten.

2. Coverage under Medicare and other governmental benefits as permitted by law, excepting Medicaid and Medicare supplement policies.

Each Plan or part of a Plan which has the right to coordinate benefits will be considered a separate Plan.

Closed Panel Plan
A Plan that provides medical or dental benefits primarily in the form of services through a panel of employed or contracted providers, and that limits or excludes benefits provided by providers outside of the panel, except in the case of emergency or if referred by a provider within the panel.

Primary Plan
The Plan that provides or pays benefits without taking into consideration the existence of any other Plan.

Secondary Plan
A Plan that determines, and may reduce its benefits after taking into consideration, the benefits provided or paid by the Primary Plan. A Secondary Plan may also recover from the Primary Plan the Reasonable Cash Value of any services it provided to you.

Allowable Expense
A necessary, reasonable and customary service or expense, including deductibles, coinsurance or copayments, that is covered in full or in part by any Plan covering you. When a Plan provides benefits in the form of services, the Reasonable Cash Value of each service is the Allowable Expense and is a paid benefit.

Examples of expenses or services that are not Allowable Expenses include, but are not limited to the following:

1. An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an Allowable Expense.

2. If you are confined to a private Hospital room and no Plan provides coverage for more than a semiprivate room, the difference in cost between a private and semiprivate room is not an Allowable Expense.

3. If you are covered by two or more Plans that provide services or supplies on the basis of reasonable and customary fees, any amount in excess of the highest reasonable and customary fee is not an Allowable Expense.

4. If you are covered by one Plan that provides services or supplies on the basis of reasonable and customary fees and one Plan that provides services and supplies on the basis of negotiated fees, the Primary Plan's fee arrangement shall be the Allowable Expense.

5. If your benefits are reduced under the Primary Plan (through the imposition of a higher copayment amount, higher coinsurance percentage, a deductible and/or a penalty) because you did not comply with Plan provisions or because you did not use a preferred provider, the amount of the reduction is not an Allowable Expense. Such Plan provisions include second surgical opinions and precertification of admissions or services.

Claim Determination Period
A calendar year, but does not include any part of a year during which you are not covered under this policy or any date before this section or any similar provision takes effect.

Reasonable Cash Value
An amount which a duly licensed provider of health care services usually charges patients and which is within the range of fees usually charged for the same service by other health care providers located within the immediate geographic area where the health care service is rendered under similar or comparable circumstances.

Order of Benefit Determination Rules
A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one to use:

1. The Plan that covers you as an enrollee or an employee shall be the Primary Plan and the Plan that covers you as a Dependent shall be the Secondary Plan;

2. If you are a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the calendar year as an enrollee or employee;
If you are the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:

(a) first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;

(b) then, the Plan of the parent with custody of the child;

(c) then, the Plan of the spouse of the parent with custody of the child;

(d) then, the Plan of the parent not having custody of the child, and

(e) finally, the Plan of the spouse of the parent not having custody of the child.

The Plan that covers you as an active employee (or as that employee's Dependent) shall be the Primary Plan and the Plan that covers you as laid-off or retired employee (or as that employee's Dependent) shall be the secondary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.

The Plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers you as an active employee or retiree (or as that employee's Dependent) shall be the Primary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.

If one of the Plans that covers you is issued out of the state whose laws govern this Policy, and determines the order of benefits based upon the gender of a parent, and as a result, the Plans do not agree on the order of benefit determination, the Plan with the gender rules shall determine the order of benefits.

If none of the above rules determines the order of benefits, the Plan that has covered you for the longer period of time shall be primary.

When coordinating benefits with Medicare, this Plan will be the Secondary Plan and determine benefits after Medicare, where permitted by the Social Security Act of 1965, as amended. However, when more than one Plan is secondary to Medicare, the benefit determination rules identified above, will be used to determine how benefits will be coordinated.

**Effect on the Benefits of This Plan**

If this Plan is the Secondary Plan, this Plan may reduce benefits so that the total benefits paid by all Plans during a Claim Determination Period are not more than 100% of the total of all Allowable Expenses.

The difference between the amount that this Plan would have paid if this Plan had been the Primary Plan, and the benefit payments that this Plan had actually paid as the Secondary Plan, will be recorded as a benefit reserve for you. CG will use this benefit reserve to pay any Allowable Expense not otherwise paid during the Claim Determination Period.

As each claim is submitted, CG will determine the following:

1. CG's obligation to provide services and supplies under this policy;
2. whether a benefit reserve has been recorded for you; and
3. whether there are any unpaid Allowable Expenses during the Claims Determination Period.

If there is a benefit reserve, CG will use the benefit reserve recorded for you to pay up to 100% of the total of all Allowable Expenses. At the end of the Claim Determination Period, your benefit reserve will return to zero and a new benefit reserve will be calculated for each new Claim Determination Period.

**Recovery of Excess Benefits**

If CG pays charges for benefits that should have been paid by the Primary Plan, or if CG pays charges in excess of those for which we are obligated to provide under the Policy, CG will have the right to recover the actual payment made or the Reasonable Cash Value of any services.

CG will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any insurance company, healthcare plan or other organization. If we request, you must execute and deliver to us such instruments and documents as we determine are necessary to secure the right of recovery.

**Right to Receive and Release Information**

CG, without consent or notice to you, may obtain information from and release information to any other Plan with respect to you in order to coordinate your benefits pursuant to this section. You must provide us with any information we request in order to coordinate your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, you will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the claim will be
processed for payment. If no response is received within 90
days of the request, the claim will be denied. If the requested
information is subsequently received, the claim will be
processed.

Medicare Eligibles
CG will pay as the Secondary Plan as permitted
by the Social Security Act of 1965 as amended
for the following:
(a) a former Employee who is eligible for
Medicare and whose insurance is continued
for any reason as provided in this plan;
(b) a former Employee's Dependent, or a former
Dependent Spouse, who is eligible for
Medicare and whose insurance is continued
for any reason as provided in this plan;
(c) a retired Employee, or retired Employee's
Dependent who is eligible for Medicare due
to End Stage Renal Disease after that person
has been eligible for Medicare for 30
months;

GM6000 MEL23

A person is considered eligible for Medicare on
the earliest date any coverage under Medicare
could become effective for him.

This reduction will not apply to any any former
Employee and his Dependent unless he is listed
under (a) through (c) above.

Domestic Partners
Under federal law, the Medicare Secondary
Payer Rules do not apply to Domestic Partners
covered under a group health plan. Therefore,
Medicare is always the Primary Plan for a
person covered as a Domestic Partner, and
CIGNA is the Secondary Plan.

Payment of Benefits
To Whom Payable
All Medical Benefits are payable to you. However, at the
option of CG, all or any part of them may be paid directly to
the person or institution on whose charge claim is based.
Medical Benefits are not assignable unless agreed to by CG.
CG may, at its option, make payment to you for the cost of
any Covered Expenses received by you or your Dependent
from a Non-Participating Provider even if benefits have been
assigned. When benefits are paid to you or your Dependent,
you or your Dependent is responsible for reimbursing the
Provider. If any person to whom benefits are payable is a
minor or, in the opinion of CG, is not able to give a valid
receipt for any payment due him, such payment will be made
to his legal guardian. If no request for payment has been made
by his legal guardian, CG may, at its option, make payment to
the person or institution appearing to have assumed his
custody and support.

If you die while any of these benefits remain unpaid, CG may
choose to make direct payment to any of your following living
relatives: spouse, mother, father, child or children, brothers or
sisters; or to the executors or administrators of your estate.
Payment as described above will release CG from all liability
to the extent of any payment made.

Time of Payment
Benefits will be paid by CG when it receives due proof of loss.
Recovery of Overpayment

When an overpayment has been made by CG, CG will have the right at any time to: (a) recover that overpayment from the person to whom or on whose behalf it was made; or (b) offset the amount of that overpayment from a future claim payment.

Calculation of Covered Expenses

CG, in its discretion, will calculate Covered Expenses following evaluation and validation of all provider billings in accordance with:

- the methodologies in the most recent edition of the Current Procedural terminology.
- the methodologies as reported by generally recognized professionals or publications.

Termination of Insurance

Employees

Your insurance will cease on the earliest date below:

- the date you cease to be in a Class of Eligible Employees or cease to qualify for the insurance.
- the last day for which you have made any required contribution for the insurance.
- the date the policy is canceled.

Any continuation of insurance must be based on a plan which precludes individual selection.

Dependents

Your insurance for all of your Dependents will cease on the earliest date below:

- the date your insurance ceases.
- the date you cease to be eligible for Dependent Insurance.
- the last day for which you have made any required contribution for the insurance.
- the date Dependent Insurance is canceled.

The insurance for any one of your Dependents will cease on the date that Dependent no longer qualifies as a Dependent.

Reinstatement of Medical Insurance

If your Medical Insurance ceases because of active duty in: (a) the United States Armed Forces; (b) the Reserves of the United States Armed Forces; or (c) the National Guard, the insurance for you and your Dependents will be reinstated after your deactivation provided you apply for reinstatement and you are otherwise eligible.

Such reinstatement will be without the application of: (a) a new waiting period, or (b) a new Pre-existing Condition Limitation. A new Pre-existing Condition Limitation will not be applied to a condition that you or your Dependent may have developed while coverage was interrupted. The remainder of any waiting period or Pre-existing Condition Limitation which existed prior to interruption of coverage may still be applied.

Special Continuation of Medical Insurance

If your Active Service ends because of termination of employment and if you have been insured for at least three consecutive months under the policy, the Medical Insurance will be continued, upon payment of the required premium by you to the Employer, but not beyond the earliest of:

- 90 days from the date your Active Service ends;
- the last day for which you have paid the required premium;
- the date the policy cancels.

Your Employer will notify you of your right to elect such continuation. Within 31 days after the date the insurance would otherwise cease, you may elect such continuation by paying the required premium to the Employer.

If your insurance is being continued as outlined above, the Medical Insurance for any of your Dependents insured on the date your insurance would otherwise cease may be continued, subject to the above provisions. The Dependent Medical Insurance will be continued until the earlier of:

- the date your insurance ceases; or
- with respect to any one Dependent, the date that Dependent no longer qualifies as a Dependent.

This option will not operate to reduce any continuation of insurance otherwise provided.
**Federal Requirements**

The following pages explain your rights and responsibilities under federal laws and regulations. Some states may have similar requirements. If a similar provision appears elsewhere in this booklet, the provision which provides the better benefit will apply.

**Notice of Provider Directory/Networks**

**Notice Regarding Provider/Pharmacy Directories and Provider/Pharmacy Networks**

If your Plan uses a network of Providers/Pharmacies, you will automatically and without charge, receive a separate listing of Participating Providers/Pharmacies. You may also have access to determine which providers participate in the network by visiting www.cigna.com, mycigna.com or by calling the toll-free telephone number on your ID card.

Your Participating Provider/Pharmacy networks consist of a group of local medical practitioners, and Hospitals, of varied specialties as well as general practice or a group of local Pharmacies who are employed by or contracted with CIGNA HealthCare.

**Qualified Medical Child Support Order (QMCSO)**

**A. Eligibility for Coverage Under a QMCSO**

If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.

You must notify your Employer and elect coverage for that child and yourself, if you are not already enrolled, within 31 days of the QMCSO being issued.

**B. Qualified Medical Child Support Order Defined**

A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:

1. the order recognizes or creates a child’s right to receive group health benefits for which a participant or beneficiary is eligible;
2. the order specifies your name and last known address, and the child’s name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child’s mailing address;
3. the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
4. the order states the period to which it applies; and
5. if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

**C. Payment of Benefits**

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child’s custodial parent or legal guardian, shall be made to the child, the child’s custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

**Special Enrollment Rights Under the Health Insurance Portability & Accountability Act (HIPAA)**

If you or your eligible Dependent(s) experience a special enrollment event as described below, you or your eligible Dependent(s) may be entitled to enroll in the Plan outside of a designated enrollment period upon the occurrence of one of the special enrollment events listed below. If you are already enrolled in the Plan, you may request enrollment for you and your eligible Dependent(s) under a different option offered by the Employer for which you are currently eligible. If you are not already enrolled in the Plan, you must request special enrollment for yourself in addition to your eligible Dependent(s). You and all of your eligible Dependent(s) must be covered under the same option. The special enrollment events include:
• **Acquiring a new Dependent.** If you acquire a new Dependent(s) through marriage, birth, adoption or placement for adoption, you may request special enrollment for any of the following combinations of individuals if not already enrolled in the Plan: Employee only; spouse only; Employee and spouse; Dependent child(ren) only; Employee and Dependent child(ren); Employee, spouse and Dependent child(ren). Enrollment of Dependent children is limited to the newborn or adopted children or children who became Dependent children of the Employee due to marriage. Dependent children who were already Dependents of the Employee but not currently enrolled in the Plan are not entitled to special enrollment.

• **Loss of eligibility for other coverage (excluding continuation coverage).** If coverage was declined under this Plan due to coverage under another plan, and eligibility for the other coverage is lost, you and all of your eligible Dependent(s) may request special enrollment in this Plan. If required by the Plan, when enrollment in this Plan was previously declined, it must have been declined in writing with a statement that the reason for declining enrollment was due to other health coverage. This provision applies to loss of eligibility as a result of any of the following:
  - divorce or legal separation;
  - cessation of Dependent status (such as reaching the limiting age);
  - death of the Employee;
  - termination of employment;
  - reduction in work hours to below the minimum required for eligibility;
  - you or your Dependent(s) no longer reside, live or work in the other plan’s network service area and no other coverage is available under the other plan;
  - you or your Dependent(s) incur a claim which meets or exceeds the lifetime maximum limit that is applicable to all benefits offered under the other plan; or
  - the other plan no longer offers any benefits to a class of similarly situated individuals.

• **Termination of employer contributions (excluding continuation coverage).** If a current or former employer ceases all contributions toward the Employee’s or Dependent’s other coverage, special enrollment may be requested in this Plan for you and all of your eligible Dependent(s).

• **Exhaustion of COBRA or other continuation coverage.** Special enrollment may be requested in this Plan for you and all of your eligible Dependent(s) upon exhaustion of COBRA or other continuation coverage. If you or your Dependent(s) elect COBRA or other continuation coverage following loss of coverage under another plan, the COBRA or other continuation coverage must be exhausted before any special enrollment rights exist under this Plan. An individual is considered to have exhausted COBRA or other continuation coverage only if such coverage ceases: (a) due to failure of the employer or other responsible entity to remit premiums on a timely basis; (b) when the person no longer resides or works in the other plan’s service area and there is no other COBRA or continuation coverage available under the plan; or (c) when the individual incurs a claim that would meet or exceed a lifetime maximum limit on all benefits and there is no other COBRA or other continuation coverage available to the individual. This does not include termination of an employer’s limited period of contributions toward COBRA or other continuation coverage as provided under any severance or other agreement.

Special enrollment must be requested within 30 days after the occurrence of the special enrollment event. If the special enrollment event is the birth or adoption of a Dependent child, coverage will be effective immediately on the date of birth, adoption or placement for adoption. Coverage with regard to any other special enrollment event will be effective on the first day of the calendar month following receipt of the request for special enrollment.

Individuals who enroll in the Plan due to a special enrollment event will not be considered Late Entrants. Any Pre-existing Condition limitation will be applied upon enrollment, reduced by prior Creditable Coverage, but will not be extended as for a Late Entrant.

Domestic Partners and their children (if not legal children of the Employee) are not eligible for special enrollment.

**Eligibility for Coverage for Adopted Children**

Any child under the age of 18 who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child’s adoption.

If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.

The provisions in the “Exception for Newborns” section of this document that describe requirements for enrollment and
effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

Federal Tax Implications for Dependent Coverage
Premium payments for Dependent health insurance are usually exempt from federal income tax. Generally, if you can claim an individual as a Dependent for purposes of federal income tax, then the premium for that Dependent’s health insurance coverage will not be taxable to you as income. However, in the rare instance that you cover an individual under your health insurance who does not meet the federal definition of a Dependent, the premium may be taxable to you as income. If you have questions concerning your specific situation, you should consult your own tax consultant or attorney.

Coverage for Maternity Hospital Stay
Group health plans and health insurance issuers offering group health insurance coverage generally may not, under a federal law known as the “Newborns’ and Mothers’ Health Protection Act”: restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section; or require that a provider obtain authorization from the plan or insurance issuer for prescribing a length of stay not in excess of the above periods. The law generally does not prohibit an attending provider of the mother or newborn, in consultation with the mother, from discharging the mother or newborn earlier than 48 or 96 hours, as applicable.

Please review this Plan for further details on the specific coverage available to you and your Dependents.

Women’s Health and Cancer Rights Act (WHCRA)
Do you know that your plan, as required by the Women’s Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Call Member Services at the toll free number listed on your ID card for more information.

Group Plan Coverage Instead of Medicaid
If your income does not exceed 100% of the official poverty line and your liquid resources are at or below twice the Social Security income level, the state may decide to pay premiums for this coverage instead of for Medicaid, if it is cost effective. This includes premiums for continuation coverage required by federal law.

Obtaining a Certificate of Creditable Coverage Under This Plan
Upon loss of coverage under this Plan, a Certificate of Creditable Coverage will be mailed to each terminating individual at the last address on file. You or your dependent may also request a Certificate of Creditable Coverage, without charge, at any time while enrolled in the Plan and for 24 months following termination of coverage. You may need this document as evidence of your prior coverage to reduce any pre-existing condition limitation period under another plan, to help you get special enrollment in another plan, or to obtain certain types of individual health coverage even if you have health problems. To obtain a Certificate of Creditable Coverage, contact the Plan Administrator or call the toll-free customer service number on the back of your ID card.

Claim Determination Procedures Under ERISA
The following complies with federal law effective July 1, 2002. Provisions of the laws of your state may supersede.

Procedures Regarding Medical Necessity Determinations
In general, health services and benefits must be Medically Necessary to be covered under the plan. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on either a
Certain services require prior authorization in order to be covered. This prior authorization is called a "preservice medical necessity determination." The Certificate describes who is responsible for obtaining this review. You or your authorized representative (typically, your health care provider) must request Medical Necessity determinations according to the procedures described below, in the Certificate, and in your provider's network participation documents as applicable.

When services or benefits are determined to be not Medically Necessary, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the Certificate, in your provider's network participation documents, and in the determination notices.

**Preservice Medical Necessity Determinations**

When you or your representative request a required Medical Necessity determination prior to care, CG will notify you or your representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond CG's control, CG will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to CG within 45 days after receiving the notice. The determination period will be suspended on the date CG sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would (a) seriously jeopardize your life or health, your ability to regain maximum function, or (b) in the opinion of a Physician with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, CG will make the preservice determination on an expedited basis. CG's Physician reviewer, in consultation with the treating Physician, will decide if an expedited determination is necessary. CG will notify you or your representative of an expedited determination within 72 hours after receiving the request.

If you or your representative fails to follow CG's procedures for requesting a required preservice medical necessity determination, CG will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

**Concurrent Medical Necessity Determinations**

When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent Medical Necessity determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When you or your representative requests such a determination, CG will notify you or your representative of the determination within 24 hours after receiving the request.

**Postservice Medical Necessity Determinations**

When you or your representative requests a Medical Necessity determination after services have been rendered, CG will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond CG's control CG will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to CG within 45 days after receiving the notice. The determination period will be suspended on the date CG sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

However, if necessary information is missing from the request, CG will notify you or your representative within 24 hours after receiving the request to specify what information is needed. You or your representative must provide the specified information to CG within 48 hours after receiving the notice. CG will notify you or your representative of the expedited benefit determination within 48 hours after you or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If you or your representative fails to follow CG's procedures for requesting a required preservice medical necessity determination, CG will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

**Postservice Claim Determinations**

When you or your representative requests payment for services which have been rendered, CG will notify you of the claim payment determination within 30 days after receiving the request. However, if more time is needed to make a
determination due to matters beyond CG's control, CG will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information within 45 days after receiving the notice. The determination period will be suspended on the date CG sends such a notice of missing information, and resume on the date you or your representative responds to the notice.

**Notice of Adverse Determination**

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: (1) the specific reason or reasons for the adverse determination; (2) reference to the specific plan provisions on which the determination is based; (3) a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; (4) a description of the plan's review procedures and the time limits applicable, including a statement of a claimant's rights to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on appeal; (5) upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; and (6) in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

**COBRA Continuation Rights Under Federal Law**

**For You and Your Dependents**

**What is COBRA Continuation Coverage?**

Under federal law, you and/or your Dependents must be given the opportunity to continue health insurance when there is a “qualifying event” that would result in loss of coverage under the Plan. You and/or your Dependents will be permitted to continue the same coverage under which you or your Dependents were covered on the day before the qualifying event occurred, unless you move out of that plan’s coverage area or the plan is no longer available. You and/or your Dependents cannot change coverage options until the next open enrollment period.

**When is COBRA Continuation Available?**

For you and your Dependents, COBRA continuation is available for up to 18 months from the date of the qualifying event if the event would result in a loss of coverage under the Plan. Termination for any reason, other than gross misconduct prior to 18 months from the date you retire.

For your Dependents, COBRA continuation coverage is available for up to 36 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your death;
- your divorce or legal separation; or
- for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

**Who is Entitled to COBRA Continuation?**

Only a “qualified beneficiary” (as defined by federal law) may elect to continue health insurance coverage. A qualified beneficiary may include the following individuals who were covered by the Plan on the day the qualifying event occurred: you, your spouse, and your Dependent children. Each qualified beneficiary has their own right to elect or decline COBRA continuation coverage even if you decline or are not eligible for COBRA continuation.

The following individuals are not qualified beneficiaries for purposes of COBRA continuation: domestic partners, same sex spouses, grandchildren (unless adopted by you), stepchildren (unless adopted by you). Although these individuals do not have an independent right to elect COBRA continuation coverage, if you elect COBRA continuation coverage for yourself, you may also cover your Dependents even if they are not considered qualified beneficiaries under COBRA. However, such individuals' coverage will terminate when your COBRA continuation coverage terminates.

**Secondary Qualifying Events**

If, as a result of your termination of employment or reduction in work hours, your Dependent(s) have elected COBRA continuation coverage and one or more Dependents experience another COBRA qualifying event, the affected Dependent(s) may elect to extend their COBRA continuation coverage for an additional 18 months (7 months if the secondary event occurs within the disability extension period) for a maximum of 36 months from the initial qualifying event. The second qualifying event must occur before the end of the initial 18 months of COBRA continuation coverage or within the disability extension period discussed below. Under no circumstances will COBRA continuation coverage be
available for more than 36 months from the initial qualifying event. Secondary qualifying events are: your death; your divorce or legal separation; or, for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Disability Extension
If, after electing COBRA continuation coverage due to your termination of employment or reduction in work hours, you or one of your Dependents is determined by the Social Security Administration (SSA) to be totally disabled under title II or XVI of the SSA, you and all of your Dependents who have elected COBRA continuation coverage may extend such continuation for an additional 11 months, for a maximum of 29 months from the initial qualifying event.

To qualify for the disability extension, all of the following requirements must be satisfied:

1. SSA must determine that the disability occurred prior to or within 60 days after the disabled individual elected COBRA continuation coverage; and
2. A copy of the written SSA determination must be provided to the Plan Administrator within 60 calendar days after the date the SSA determination is made AND before the end of the initial 18-month continuation period.

If the SSA later determines that the individual is no longer disabled, you must notify the Plan Administrator within 30 days after the date the final determination is made by SSA. The 11-month disability extension will terminate for all covered persons on the first day of the month that is more than 30 days after the date the SSA makes a final determination that the disabled individual is no longer disabled.

All causes for “Termination of COBRA Continuation” listed below will also apply to the period of disability extension.

Employer’s Notification Requirements
Your former Employer is required to provide you and/or your Dependents with the following notices:

- An initial notification of COBRA continuation rights must be provided within 90 days after your (or your spouse’s) coverage under the Plan begins (or the Plan first becomes subject to COBRA continuation requirements, if later). If you and/or your Dependents experience a qualifying event before the end of that 90-day period, the initial notice must be provided within the time frame required for the COBRA continuation coverage election notice as explained below.
- A COBRA continuation coverage election notice must be provided to you and/or your Dependents within the following timeframes:
  a. if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the loss of coverage, 44 days after the qualifying event occurs; 44 days after the date of loss of coverage under the Plan;
  b. if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event begins upon the occurrence of a qualifying event, 44 days after the qualifying event occurs; or
(c) in the case of a multi-employer plan, no later than 14 days after the end of the period in which Employers must provide notice of a qualifying event to the Plan Administrator.

How to Elect COBRA Continuation Coverage

The COBRA coverage election notice will list the individuals who are eligible for COBRA continuation coverage and inform you of the applicable premium. The notice will also include instructions for electing COBRA continuation coverage. You must notify the Plan Administrator of your election no later than the due date stated on the COBRA election notice. If a written election notice is required, it must be postmarked no later than the due date stated on the COBRA election notice. If you do not make proper notification by the due date shown on the notice, you and your Dependents will lose the right to elect COBRA continuation coverage. If you reject COBRA continuation coverage before the due date, you may change your mind as long as you furnish a completed election form before the due date.

Each qualified beneficiary has an independent right to elect COBRA continuation coverage. Continuation coverage may be elected for only one, several, or for all Dependents who are qualified beneficiaries. Parents may elect to continue coverage on behalf of their Dependent children. You or your spouse may elect continuation coverage on behalf of all the qualified beneficiaries. You are not required to elect COBRA continuation coverage in order for your Dependents to elect COBRA continuation.

How Much Does COBRA Continuation Coverage Cost?

Each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount may not exceed 102% of the cost to the group health plan (including both Employer and Employee contributions) for coverage of a similarly situated active Employee or family member. The premium during the 11-month disability extension may not exceed 150% of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated active Employee or family member. For example:

If the retiree alone elects COBRA continuation coverage, the Employee will be charged 102% (or 150%) of the active retiree premium. If the spouse or one Dependent child alone elects COBRA continuation coverage, they will be charged 102% (or 150%) of the active Employee premium. If more than one qualified beneficiary elects COBRA continuation coverage, they will be charged 102% (or 150%) of the applicable family premium.

When and How to Pay COBRA Premiums

First payment for COBRA continuation

If you elect COBRA continuation coverage, you do not have to send any payment with the election form. However, you must make your first payment no later than 45 calendar days after the date of your election. (This is the date the Election Notice is postmarked, if mailed.) If you do not make your first payment within that 45 days, you will lose all COBRA continuation rights under the Plan.

Subsequent payments

After you make your first payment for COBRA continuation coverage, you will be required to make subsequent payments of the required premium for each additional month of coverage. Payment is due on the first day of each month. If you make a payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break.

Grace periods for subsequent payments

Although subsequent payments are due by the first day of the month, you will be given a grace period of 30 days after the first day of the coverage period to make each monthly payment. Your COBRA continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if your payment is received after the due date, your coverage under the Plan may be suspended during this time. Any providers who contact the Plan to confirm coverage during this time may be informed that coverage has been suspended. If payment is received before the end of the grace period, your coverage will be reinstated back to the beginning of the coverage period. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated. If you fail to make a payment before the end of the grace period for that coverage period, you will lose all rights to COBRA continuation coverage under the Plan.

You Must Give Notice of Certain Qualifying Events

If you or your Dependent(s) experience one of the following qualifying events, you must notify the Plan Administrator within 60 calendar days after the later of the date the qualifying event occurs or the date coverage would cease as a result of the qualifying event:

- Your divorce or legal separation;
• Your child ceases to qualify as a Dependent under the Plan; or
• The occurrence of a secondary qualifying event as discussed under “Secondary Qualifying Events” above (this notice must be received prior to the end of the initial 18- or 29-month COBRA period).

(Also refer to the section titled “Disability Extension” for additional notice requirements.)

Notice must be made in writing and must include: the name of the Plan, name and address of the Employee covered under the Plan, name and address(es) of the qualified beneficiaries affected by the qualifying event; the qualifying event; the date the qualifying event occurred; and supporting documentation (e.g., divorce decree, birth certificate, disability determination, etc.).

Newly Acquired Dependents
If you acquire a new Dependent through marriage, birth, adoption or placement for adoption while your coverage is being continued, you may cover such Dependent under your COBRA continuation coverage. However, only your newborn or adopted Dependent child is a qualified beneficiary and may continue COBRA continuation coverage for the remainder of the coverage period following your early termination of COBRA coverage or due to a secondary qualifying event. COBRA coverage for your Dependent spouse and any Dependent children who are not your children (e.g., stepchildren or grandchildren) will cease on the date your COBRA coverage ceases and they are not eligible for a secondary qualifying event.

COBRA Continuation for Retirees Following Employer’s Bankruptcy
If you are covered as a retiree, and a proceeding in bankruptcy is filed with respect to the Employer under Title 11 of the United States Code, you may be entitled to COBRA continuation coverage. If the bankruptcy results in a loss of coverage for you, your Dependents or your surviving spouse within one year before or after such proceeding, you and your covered Dependents will become COBRA qualified beneficiaries with respect to the bankruptcy. You will be entitled to COBRA continuation coverage until your death. Your surviving spouse and covered Dependent children will be entitled to COBRA continuation coverage for up to 36 months following your death. However, COBRA continuation coverage will cease upon the occurrence of any of the events listed under “Termination of COBRA Continuation” above.

Trade Act of 2002
The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance and for certain retired Employees who are receiving pension payments from the Pension Benefit Guaranty Corporation (PBGC) (eligible individuals). Under the new tax provisions, eligible individuals can either take a tax credit or get advance payment of 65% of premiums paid for qualified health insurance, including continuation coverage. If you have questions about these new tax provisions, you may call the Health Coverage Tax Credit Customer Contact Center toll-free at 1-866-628-4282. TDD/TYY callers may call toll-free at 1-866-626-4282. More information about the Trade Act is also available at www.doleta.gov/tradeact/2002act_index.asp.

In addition, if you initially declined COBRA continuation coverage and, within 60 days after your loss of coverage under the Plan, you are deemed eligible by the U.S. Department of Labor or a state labor agency for trade adjustment assistance (TAA) benefits and the tax credit, you may be eligible for a special 60 day COBRA election period. The special election period begins on the first day of the month that you become TAA-eligible. If you elect COBRA coverage during this special election period, COBRA coverage will be effective on the first day of the special election period and will continue for 18 months, unless you experience one of the events discussed under “Termination of COBRA Continuation” above. Coverage will not be retroactive to the initial loss of coverage. If you receive a determination that you are TAA-eligible, you must notify the Plan Administrator immediately.

Conversion Available Following Continuation
If your or your Dependents’ COBRA continuation ends due to the expiration of the maximum 18-, 29- or 36-month period, whichever applies, you and/or your Dependents may be entitled to convert to the coverage in accordance with the Medical Conversion benefit then available to Employees and the Dependents. Please refer to the section titled “Conversion Privilege” for more information.

Interaction With Other Continuation Benefits
You may be eligible for other continuation benefits under state law. Refer to the Termination section for any other continuation benefits.

The office designated to consider the appeal of denied claims is:
The CG Claim Office responsible for this Plan

The cost of the Plan is shared by Employee and Employer.
The Plan's fiscal year ends on 12/31.
The preceding pages set forth the eligibility requirements and benefits provided for you under this Plan.

Plan Type
The plan is a healthcare benefit plan.

Collective Bargaining Agreements
You may contact the Plan Administrator to determine whether the Plan is maintained pursuant to one or more collective bargaining agreements and if a particular Employer is a sponsor. A copy is available for examination from the Plan Administrator upon written request.

Discretionary Authority
The Plan Administrator delegates to CG the discretionary authority to interpret and apply plan terms and to make factual determinations in connection with its review of claims under the plan. Such discretionary authority is intended to include, but not limited to, the determination of the eligibility of persons desiring to enroll in or claim benefits under the plan, the determination of whether a person is entitled to benefits under the plan, and the computation of any and all benefit payments. The Plan Administrator also delegates to CG the discretionary authority to perform a full and fair review, as required by ERISA, of each claim denial which has been appealed by the claimant or his duly authorized representative.

Plan Modification, Amendment and Termination
The Employer as Plan Sponsor reserves the right to, at any time, change or terminate benefits under the Plan, to change or terminate the eligibility of classes of employees to be covered by the Plan, to amend or eliminate any other plan term or condition, and to terminate the whole plan or any part of it. The procedure by which benefits may be changed or terminated, by the which the eligibility of classes of employees may be changed or terminated, or by which part of all of the Plan may be terminated, is contained in the Employer’s Plan Document, which is available for inspection and copying from the Plan Administrator designated by the Employer. No consent of any participant is required to terminate, modify, amend or change the Plan.

Termination of the Plan together with termination of the insurance policy(s) which funds the Plan benefits will have no adverse effect on any benefits to be paid under the policy(s) for any covered medical expenses incurred prior to the date that policy(s) terminates. Likewise, any extension of benefits under the policy(s) due to you or your Dependent’s total disability which began prior to and has continued beyond the date the policy(s) terminates will not be affected by the Plan termination. Rights to purchase limited amounts of life and medical insurance to replace part of the benefits lost because the policy(s) terminated may arise under the terms of the policy(s). A subsequent Plan termination will not affect the extension of benefits and rights under the policy(s).

Your coverage under the Plan’s insurance policy(s) will end on the earliest of the following dates:
• the last day of the calendar month in which you leave Active Service;
• the date you are no longer in an eligible class;
• if the Plan is contributory, the date you cease to contribute;
• the date the policy(s) terminates.

See your Plan Administrator to determine if any extension of benefits or rights are available to you or your Dependents under this policy(s). No extension of benefits or rights will be available solely because the Plan terminates.

Statement of Rights
As a participant in the plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits
• examine, without charge, at the Plan Administrator’s office and at other specified locations, such as worksites and union

FDRL28
halls, all documents governing the plan, including insurance contracts and collective bargaining agreements and copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure room of the Employee Benefits Security Administration.

- obtain, upon written request to the Plan Administrator, copies of documents governing the Plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- receive a summary of the Plan’s annual financial report. The Plan Administrator is required by law to furnish each person under the Plan with a copy of this summary financial report.

Continue Group Health Plan Coverage

- continue health care coverage for yourself, your spouse or Dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your Dependents may have to pay for such coverage. Review this summary plan description and the documents governing the Plan on the rules governing your federal continuation coverage rights.

- reduction or elimination of exclusionary periods of coverage for preexisting conditions under your group health plan, if you have creditable coverage from another plan. You should be provided a certificate of creditable coverage, free of charge, from your group health plan or health insurance issuer when you lose coverage under the plan, when you become entitled to elect federal continuation coverage, when your federal continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage. Without evidence of creditable coverage, you may be subject to a preexisting condition exclusion for 12 months (18 months for late enrollees) after your enrollment date in your coverage.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people responsible for the operation of the employee benefit plan. The people who operate your plan, called “fiduciaries” of the Plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA. If your claim for a welfare benefit is denied or ignored you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Enforce Your Rights

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court.

In addition, if you disagree with the plan’s decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court. If it should happen that plan fiduciaries misuse the plan’s money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about your plan, you should contact the plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Notice of an Appeal or a Grievance

The appeal or grievance provision in this certificate may be superseded by the law of your state. Please see your explanation of benefits for the applicable appeal or grievance procedure.
The Following Will Apply to Residents of Virginia

When You Have a Complaint or an Appeal
For the purposes of this section, any reference to "you," "your" or "Member" also refers to a representative or provider designated by you to act on your behalf, unless otherwise noted.

We want you to be completely satisfied with the care you receive. That is why we have established a process for addressing your concerns and solving your problems.

Start With Member Services
We are here to listen and help. If you have a concern regarding a person, a service, the quality of care, or contractual benefits, you may call our toll-free number and explain your concern to one of our Customer Service representatives. You may also express that concern in writing. Please call or write to us at the following:

Customer Services Toll-Free Number or address that appears on your Benefit Identification card, explanation of benefits or claim form.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days.

If you are not satisfied with the results of a coverage decision, you can start the appeals procedure.

Internal Appeals Procedure
CG has a two-step appeals procedure for coverage decisions. To initiate an appeal, you must submit a request for an appeal in writing within 365 days of receipt of a denial notice. You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask to register your appeal by telephone. Call or write to us at the toll-free number or address on your Benefit Identification card, explanation of benefits or claim form.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days.

If you are not satisfied with the results of a coverage decision, you can start the appeals procedure.

Level-One Appeal
Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a Physician reviewer.

For all level-one appeals involving Medical Necessity or clinical appropriateness (also called reconsideration), we will respond with a written decision within 10 working days.

We will respond to all other level-one appeals with a written decision within 30 calendar days after we receive an appeal. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

You may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or (b) your appeal involves nonauthorization of an admission or continuing inpatient Hospital stay. CG's Physician reviewer, in consultation with the treating Physician, will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond orally with a decision within the earlier of: (a) 72 hours or (b) one working day. We will respond orally to expedited appeals related to prescriptions for the alleviation of cancer pain within 24 hours of the receipt of all necessary information. We will follow up in writing within 24 hours of the oral response to an expedited appeal.

Level-Two Appeal
If you are dissatisfied with our level-one appeal decision, you may request a second review. To start a level-two appeal, follow the same process required for a level-one appeal.

Most requests for a second review will be conducted by the Appeals Committee, which consists of at least three people. Anyone involved in the prior decision may not vote on the Committee. For appeals involving Medical Necessity or clinical appropriateness, the Committee will consult with at least one Physician reviewer in the same or similar specialty as the care under consideration, as determined by CG's Physician reviewer. You may present your situation to the Committee in person or by conference call.

For level-two appeals we will acknowledge in writing that we have received your request and schedule a Committee review. For required preservice and concurrent care coverage determinations, the Committee review will be completed within 15 calendar days. For postservice claims, the Committee review will be completed within 30 calendar days. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed by the Committee to complete the review. You will be notified in writing of the Committee's decision.
decision within 5 working days after the Committee meeting, and within the Committee review time frames above if the Committee does not approve the requested coverage.

You may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or (b) your appeal involves nonauthorization of an admission or continuing inpatient Hospital stay. CG's Physician reviewer, in consultation with the treating Physician will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond orally with a decision within the earlier of: (a) 72 hours or (b) one working day. We will respond orally to expedited appeals related to prescriptions for the alleviation of cancer pain within 24 hours of the receipt of all necessary information. We will follow up in writing within 24 hours of the oral response to an expedited appeal.

Independent External Review Procedure
If you are not fully satisfied with the decision of CG's level two appeal review regarding your Medical Necessity or clinical appropriateness issue, including determinations based on contractual limitations of an "experimental" or "investigational" procedure, you may appeal the decision to the Virginia Bureau of Insurance, provided the actual cost to you for the health services exceeds $300. A decision to use the voluntary level of Independent External Review will not affect the claimant's rights to any other benefits under the plan.

To initiate the Independent External Review, you or your representative should, within 30 days from receipt of CG's written decision, file a request on forms prescribed by the Virginia Bureau of Insurance. The written request should include a $50 filing fee. The Bureau of Insurance may waive or refund the filing fee if you can demonstrate that paying the fee will cause undue financial hardship or if the appeal is not accepted for review. If accepted by the Bureau of Insurance for review, the Bureau will assign an impartial Independent External Review entity to review your request. The entity will issue its recommendation within 30 working days of the date it received from all parties all documentation and information necessary to complete its review. The Commissioner of Insurance or designee will issue a written decision, based on the entity's recommendation, within 10 working days after receipt of the entity's recommendation. If accepted by the Bureau of Insurance for expedited review, the entity will issue its recommendation as soon as possible consistent with the medical exigencies of the case, but in no event more than 5 working days after its receipt of the appeal. As soon as the Commissioner receives the entity's recommendation, the Commissioner or designee will review the recommendation and notify you of his/her decision. The decision reached as a result of this Independent External Review process is binding on you and CG to the extent which each would be bound by a judgment entered in a court action at law or in equity with respect to the issues which the impartial Independent External Review entity may examine when reviewing a final adverse decision.

The Independent Review Program is a voluntary program arranged by CG.

Appeal to the Commonwealth of Virginia
If you have any questions regarding an appeal concerning the health care services you have been provided, which have not been satisfactorily addressed, you may contact the Office of the Managed Care Ombudsman for assistance. No insured who exercises the right to file a complaint or an appeal shall be subject to disenrollment or otherwise penalized due to the filing of a complaint or appeal.
Notice of Benefit Determination on Appeal

Every notice of a determination on appeal will be provided in writing or electronically and, if an adverse determination, will include: (1) the specific reason or reasons for the adverse determination; (2) reference to the specific plan provisions on which the determination is based; (3) a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined; (4) a statement describing any voluntary appeal procedures offered by the plan and the claimant's right to bring an action under ERISA section 502(a); (5) upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit.

You also have the right to bring a civil action under Section 502(a) of ERISA if you are not satisfied with the decision on review. You or your plan may have other voluntary alternative dispute resolution options such as Mediation. One way to find out what may be available is to contact your local U.S. Department of Labor office and your State insurance regulatory agency. You may also contact the Plan Administrator.

Relevant Information

Relevant Information is any document, record, or other information which (a) was relied upon in making the benefit determination; (b) was submitted, considered, or generated in the course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; (c) demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or (d) constitutes a statement of policy or guidance with respect to the plan concerning the denied treatment option or benefit or the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

Legal Action

If your plan is governed by ERISA, you have the right to bring a civil action under Section 502(a) of ERISA if you are not satisfied with the outcome of the Appeals Procedure. In most instances, you may not initiate a legal action against CG until you have completed Internal Appeal process.

Definitions

Bed and Board

The term Bed and Board includes all charges made by a Hospital on its own behalf for room and meals and for all general services and activities needed for the care of registered bed patients.

Biologically-Based Mental Illness

Any mental or nervous condition caused by a biological disorder of the brain that results in a clinically significant syndrome which substantially limits a covered person's functioning. Specifically, a Biologically-Based Mental Illness is any of the following: schizophrenia; schizoaffective disorder; bipolar disorder; major depressive disorder; panic disorder; obsessive-compulsive disorder; attention deficit hyperactivity disorder; autism; or drug and alcohol addiction.

Charges

The term "charges" means the actual billed charges; except when the provider has contracted directly or indirectly with CG for a different amount.

Chiropractic Care

The term Chiropractic Care means the conservative management of neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to specific joints to restore motion, reduce pain and improve function.

Custodial Services

Any services that are of a sheltering, protective, or safeguarding nature. Such services may include a stay in an institutional setting, at-home care, or nursing services to care for someone because of age or mental or physical condition. This service primarily helps the person in daily living. Custodial care also can provide medical services, given mainly to maintain the person’s current state of health. These services cannot be intended to greatly improve a medical condition;
Early Intervention Services

Early intervention services are defined as services designed to help an individual attain or retain the capability to function age-appropriately within his environment and must include services that enhance functional ability without affecting a cure.

Emergency Services

Emergency services are medical, psychiatric, surgical, Hospital and related health care services and testing, including ambulance service, which are required to treat a sudden, unexpected onset of a bodily Injury or serious Sickness which could reasonably be expected by a prudent layperson to result in serious medical complications, loss of life or permanent impairment to bodily functions in the absence of immediate medical attention. Examples of emergency situations include uncontrolled bleeding, seizures or loss of consciousness, shortness of breath, chest pains or severe squeezing sensations in the chest, suspected overdose of medication or poisoning, sudden paralysis or slurred speech, burns, cuts and broken bones. The symptoms that led you to believe you needed emergency care, as coded by the provider and recorded by the Hospital on the UB92 claim form, or its successor, or the final diagnosis, whichever reasonably indicated an emergency medical condition, will be the basis for the determination of coverage, provided such symptoms reasonably indicate an emergency.
