P. O. Box 2
Green Bank, West Virginia

Dear Grote:

I am sure you will appreciate that trying to work up a schedule for another person can become an exercise in frustration. In this case it has not done so as yet, and I do hope that it doesn't end up that way.

On the basis of the freedom given to me by you and others involved, I have set the following visiting dates for you:

| | |
|--|--------------|
| Univ. of Florida Gainesville, Fla. Contact: Profs. A. G. Smith T. D. Carr | August 4-5 |
| Yale Univ. New Haven, Conn. Contact: Prof. Harlan Smith | August 12-13 |
| Harvard Univ. Cambridge, Mass. Contact: Prof. Ed Lilley | August 15-16 |
| Rensselaer Polytechnic Inst. Troy, New York Contact: Prof. Alan Meltzer | August 17-18 |

I am somewhat at a loss regarding what to do about your transportation. However, I will set my secretary, Mrs. Goldfischer, to work on this, to be subject to your approval in whole or in part.

I don't know what the accommodations are from Green Bank to Gainesville and return, nor from Green Bank to any place else and return, but I have suggested to her that she make reser-

vations and arrange to send you tickets to travel by air whenever possible and to obtain a rented car for your convenience where appropriate. She'll try to get you from Green Bank to Gainesville on the 4th and return to Green Bank on the 5th or the morning of the 6th. She will do the same from Green Bank to New York, setting you up in a hotel here on the night of Wednesday, the 10th, establishing the reservation through the 14th. I suppose that you can make your way from New York to New Haven on your own. If you do wish to have a room in New Haven one of those nights, let her know. She will arrange it. On the 15th you will take a morning plane to East Boston Airport, from where you can get a cab over to the Harvard Observatory. We will get you a room in the Commander Hotel for the night of the 15th and will arrange to get you out to Rensselaer and back to Green Bank. I will have to leave those details to her, since I will be out of the office during the next few days.

I hope all this goes off well and in such a way as not to cause you any inconvenience. I am convinced that you will get a good deal of satisfaction from the contact you will have with young bloods in the field. Best wishes.

Sincerely,

Alfred Kelleher
