Dear Mr. Andreen,

Thank you for your letter of 5 March re Grote Reber's lack of cooperation in granting permission. Despite excellent cooperation ^{from} ~~with~~ him in past years, including two pleasant and informative personal visits (and long taped interviews), I am afraid that I too have been getting a "cold shoulder" over the past six months when I have asked him various questions re his early work (<1950). I simply do not know what has caused his change in attitude. But I would ask you please do not try yet again to secure his permission re the Research Corp. archives — I am afraid it will simply antagonize him, and in any case the focus of my historical work is the pre-1950 era.

Thanks very much for your assistance.

Sincerely yours,

W. T. Sullivan, II
