

2nd July, 1964.

Mr. J. R. Haun,
U.S. Department of Agriculture,
Beltsville, Maryland,
U. S. A.

Dear Mr. Haun,

Thank you for your prompt reply of 24th June and enclosures. They give interesting information on this work being performed by your establishment and provide sources of reference to the general literature. Please keep me on your mailing list for bulletins related to Dioscorea.

Yours faithfully,

Grote Reber.
