Mr. Grote Reber
c/o Western Field Office
1320 Second Street
Santa Monica, California

Dear Grote:

I was intrigued to have copies of Al Kelleher's correspondence a little earlier, followed by a copy of your letter to him and finally yours of September 20th. It seems appropriate to address this as a letter of welcome to these sun-kissed shores.

The flow of material to Green Bank has developed, since Mullard's oozed the initial one through from the East. We will hope to keep it going, with the final order for the Range Finder bringing up the rear.

I am looking forward to seeing you when you have beaten your way as far East as this coast. We have a meeting of our Board of Directors on the 14th of October, and if you should happen to be here by then would be delighted to have you join us for lunch. I should add that, in keeping with our enlightened labor practices, the preceding day is celebrated in this office as Columbus Day with a complete shutdown. I'll hope to hear from you well in advance of then, however, and make any arrangements that we can for personal and/or corporate hospitality upon your arrival.

I detect a note of satisfaction in your note of expected voluminous publications in December and March. I look forward to that and with some interest to your development of historical interests in the Pacific as well.

Best wishes,

Chap
