Mr. Walter E. Thwaite, Jr.
Research Corporation
Room 1316

Chicago 1, Illinois

Dear Walt:

As an addendum to the other communique of the same date, this is to advise that you may soon be the recipient of a very handsome scale model of a king or emperor size radio - telescope. A letter from Grote Reber advises that he has written his brother, Schuyler C. Reber, in Wheaton, Illinois, asking him to deliver this model to the Research Corporation office in Chicago. He notes that the model is rather delicate and should be handled carefully. Thereafter I hope that some feasible means of getting it to New York reasonably intact can be evolved. If you hear nothing from Schuyler fairly soon, you might see if you could call him and find out what the story is.

Again, best wishes.

Sincerely yours,

Charles H. Schauer
