17/2/84

Greetings Brian:

Thanks for yours of 19/1/84,
posted 8/2/84 and rec'd 16/2/84.

Woodruff T. Sullivan III is a nuisance.
The arrangements between RC and me are strictly
our business. I veto Woody's proposal.

Another pest of dubious background is
Ben-Yehuda, currently at Stony Brook. He
wants to make me into a sociological study.
I put the kybosh on that!

Still another imposter wants to write an
article about me for OMNI. No go! I could
spend most of my time on this sort of thing.

Enclosed is a Wizard of Id cartoon. The
word gets around. Please remember me to Hap
and Jenny.

Best wishes,

Grote
