Dean Grote,

March 29
arrived 11 May 66

I plan to use some of the material
from your writeup in the IRE Proceedings
re "Early Radio Astronomy at Wheaton, Ill." -
am sure many AWA members would be
interested in some of your early work,

Is there remotest possibility you may
be able to attend the 1966 Annual
Historical Meet to be held at the
Franklin Institute, Philadelphia, Sept. 24?

If so - we would very much like

To have you on the program on
pioneering in astronomy - or some of
your work checking out old gear.

We should have a very large
turnout - from all over the country
including Dr. Finin from Smithsonian, etc.

73

Bruce
