Dear Mr. Reber:

Here is the picture of the Jansky antenna that I promised you in my last letter. We finished painting it several days ago, and as far as I know all the work on it is completed. Bell Telephone has kindly volunteered to provide us with a suitable placque to be placed near the instrument.

Sydney Smith asked me to tell you that the engineering department hadn't forgotten to send you a picture. They found out I had ordered pictures and called me to tell me that they had intended to send you pictures too. Sydney sends his best regards.

Sincerely yours,

Wallace R. Oref
