Dear Mr. Macdonald:

Your letter of 11th plus copy of one from W.G.Schneider dated 10/11/78 arrived promptly. Thanks. His reply is rather as I expected. Unfortunately I have forgotten details of our brief interview on 10/10/78. To refresh my memory, please send to me a copy of your letter of 12/10/78 to Schneider.

The second paragraph on page 2 of his letter is interesting. He states others might be induced to make additional contributions. Probably we should get on with this matter in a modest way soon. I'll be back at Palatine, Illinois sometime during May.

Sincerely yours,
