Dear Hap:

Many thanks for your letter of the 1st and enclosed check. Since there are now ample funds to carry the work along here, I would suggest that you keep the rest of the money until I get my feet on the ground in Australia.

The other day a note came from Mills which indicated that he would be here on the 23rd thru 25th. Also was an inquiry from Bowen about some meteorological data I am collecting at the summit so he will probably be here also. I have a feeling that he was delayed in Washington and that he has stopped by to see you by now.

I will keep you informed of how things progress.

Best regards,

Grote Reber
