BIWEEKLY CALENDAR OF THE ALMA PROJECT at NRAO  
January 18, 2005 -- January 31 2005

\*\*\*\*\* THIS  
FORTNIGHT\*\*\*\*\*

Marc Rafal will be resigning from his position as NA ALMA Deputy Project Manager effective March 1, 2005. Marc will be establishing a consulting practice, Commonwealth Technical Consultants, LLC, based in Charlottesville. Good luck, Marc!

-----  
-  
Victor Gasho, NA Antenna IPT Lead, will be leaving ALMA at the end of the month. We wish you well, Victor!

-----  
Baltasar Vila-Vilaró has assumed duties as ALMA Instrument Scientist, JP.

-----  
To many observers, the ALMA Town Meeting at the 205th AAS Meeting at least as well attended as the NSF Town Meeting. Presentations, etc. may be found at: <https://wikio.nrao.edu/bin/view/ALMA/AasTalks>

-----  
Past issues of this Calendar may be viewed at  
<http://www.cv.nrao.edu/~awootten/mmailcal/ALMACalendars.html>

\*\*\*\*\*  
\*\*\*\*\*

General Happenings

OSF: Completion of 22 bed facility at the Contractors Camp is the only current construction activity at the site. 65% of the modified road is completed (28km). 21 persons are working at the site. The Altiplanic Winter has begun at the AOS site: cloudy, rain and snow even a small lighting storm at the OSF.

ATF: Holography completed on Vertex antenna, photogrammetry progressing. Optical pointing under way on AEC antenna.

AOC: ATF support during antenna tests.

Tucson: ATF support during antenna tests.

Please send information for upcoming calendars by Friday evening of the preceding biweekly period to Jennifer Neighbours or Al Wootten via e-mail ([jneighbo@nrao.edu](mailto:jneighbo@nrao.edu) or [awootten@nrao.edu](mailto:awootten@nrao.edu)).

The calendar will be issued between late Friday and sometime on Monday by e-mail to all NRAO scientific staff members and anyone else interested. A specific mailing list, alma-info, has been created for anyone wishing to receive it.

Past issues are available at <http://www.cv.nrao.edu/~awootten/mmailcal/ALMACalendars.html>
