Dear Mr. Reber:

Miss Robin Parmeter of our 18 Bloor Street West office has suggested to us that as you are a valued client of ours we should be offering our services in estate planning based on the merits of naming a trust company an executor in your Will.

This is of course projecting your future needs and assuming after your work in Australia is completed you will domicile in Ontario.

If this was going to be the case we are at this time offering our services.

If in the meantime there were any questions you wished to ask please write.

Yours very truly,
