Mr. Grote Reber
General Delivery
Bothwell, Tasmania
AUSTRALIA 7030

Dear Grote:

By the time you receive this letter you will be back in Tasmania after what was, no doubt, an exhausting trip. I hope that all the arrangements that you made (especially those made from here) worked out all right. I would be most interested to hear how things went.

We have returned to observing with the 408 MHz system, and are working on expanding it to handle more antennas. We will eventually send you some representative results from it.

We certainly appreciated the trouble that you took to come here, and although Tasmania is a distant place, we expect to see you here again some day.

Yours sincerely,

Peter Dewdney
