RADIO-ELECTRONIC
Engineering

185 N. Wabash Ave., Chicago 1, Ill.

GROTE REBER, radio physicist and engineer, has been appointed to the staff of the National Bureau of Standards. Mr. Reber, who has conducted basic research on the sources of radio noise, will direct several new projects at the Bureau designed to extend present knowledge of conditions indirectly affecting radio communications. He has been associated with the engineering departments of *Stewart-Warner Corporation* and *Belmont Radio Corp.*
