DIVISION OF GRANTS
405 LEXINGTON AVENUE
NEW YORK 17

CHARLES H. SCHAUER
VICE PRESIDENT and SECRETARY

August 19, 1964

Dear Mr. Reber:

Finally we have heard from the Department of the Interior about maps. Will the enclosed give you the information you need? If you will look it over and then let me know which quadrangle maps you want, either on the copy of the Map Order blank or by letter, I'll send for them.

It was too late to cancel the order for the condenser. The radio store where Mr. Kelleher had ordered it called either the day your recent letter came or the day after to say it had arrived. Shall we keep it here or would you like it sent to you just in case?

You have received a stock certificate from Northern Illinois Gas Company representing 15 shares resulting from the 3 for 2 split of common stock. I've added it to your other things in Mr. Schauer's safe-file.

You have received the Agenda and Draft Reports for the 12th General Assembly of the International Astronomical Union, which is being held in Hamburg August 25 to September 3 this year. It is 695 pages.

Mr. Schauer is on vacation at his lake in Canada and is not expected here until after the end of the month.

I think I sent you another copy of Castanea after I returned from vacation. At least, it is not in your folder so it must have gone off. Otherwise, very little mail has come in except for the usual receipts from Harris Bank of dividends deposited.

Sincerely,
