Dear Grote:

Called John Bolton's office and got his secretary, he being in Berkeley. He or she will call me Friday, the 19th, to confirm dates for a visit by you to the desert installation and a talk with him--if this can be done. I committed myself to ensure that you will be transported thence hence without calling on Bolton or CIT facilities. I'd like to see the setup myself and can drive you in mine or a rented car unless you prefer it otherwise. It's on the desert all right--hot--west of Death Valley near Big Pine on Route 60.

Will have Bill lined up for lunch on a day to be chosen after I hear from Bolton. Look forward to your arrival. Will meet your plane at airport.

Sincerely,

  
Alfred Kelleher
