Dear Sir,

Your letter of 2nd January awaited my return from leave.

The Council of the Field Naturalists' Society do not accept advertisements for the S.A. Naturalist but this is no reason why your request cannot be published. For this to be effective, and to obtain a response, it is suggested that you let me have perhaps a couple of hundred words about the project in very general terms, then underneath these notes I could add your "advertisement".

The next issue of the Naturalist will be published on 1st March, 1963, so that any notes you propose to forward to me should be sent without delay.

Yours faithfully,

T.R.N. Lothian
