Dear Mr. Reber:

Received your note from Charlottesville. Called the Lost & Found again but no luck. We'll look for the shoes to come C.O.D.

Enclosed are two letters (copies of) from Gary-Wheaton Bank. Do you have the Stock Certificate with you? If not, you will probably have to have it dug out from your personal folder and sent to Australia. I don't want to do the latter without word from you, since I suspect that you may have it with you if you were expecting to have it sold.

We have received a check for \$8.50 from the Univ. of Virginia Hospital; this is the amount of the overpayment on your bill there. What should we do with it? It is made out to Research Corp.

Enclosed is confirmation of your reservation at the Skyline!

Otherwise, how are things?
