Dr. G. Reber,
C/- Dr. G. R. Ellis,
Box 801H, G.P.O.,
HOBART. TASMANIA.

Dear Dr. Reber,

Thank you for the Dakar data you donated to our library -- our files are now complete to the end of 1954, but we have no later hourly values. Apparently SPIM is very behind with the publication of its booklets.

We are looking forward with interest to the June issue of the Journal of Geophysical Research.

Yours sincerely,

M. Harrison
