Dr. Frank K. Edmenson
Program Director for Astronomy
National Science Foundation
1520 H St., N. W.
Washington 25, D. C.

Dear Frank:

We are sending by express a parcel containing 100 copies of the Planning Document. Although this is not a classified document, we have been keeping track of the distribution from the AUI office. If you follow the same procedure it would be possible at any time to make a quick check of the whereabouts of the various copies.

Sincerely,

RME

Richard M. Emberson
Assistant to the President
