

25th May, 1964

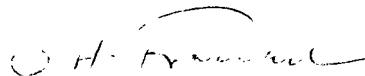

Dr. Grote Reber,
Tasmanian Regional Laboratory,
"Stowell",
Stowell Avenue,
HOBART, Tas.

Dear Dr. Reber,

Thank you for your latest letter. Please forgive me, but I cannot find your reprints and without them I am still at sea. Perhaps you could also let me see the manuscript of your Indian paper? I could then find out whether any one of my colleagues is interested, as they well might be.

Kind regards,

Yours sincerely,

(O. H. Frankel)
