Dr. H. R. Crane
Randal Physics Laboratory
Ann Arbor, Michigan

Dear Dr. Crane:

Replying to your letter of July 19th, please find enclosed a check for sum of \$100 in payment for a determination of the age of some carbon.

The carbon is in a can attached hereto. If the quantity is insufficient it will be possible to supply an additional amount.

Provided this determination turns out to be within the age range of the C^{14} method, it seems probable that other flows here will be worth examining as practically no information is available on the activity of Haleakala Volcano here on Maui.

Very truly yours,

Grote Reber
