MANUKA . . . A.C.T.

Dear Ken,

This letter is to bother you about more maps. The nine I selected in person arrived on 24/12/66 with a statement for \$4.50, so they were 50c each post paid. I sent my cheque in payment made out to Commonwealth of Australia on 3/1/67 and enclosed the statement for identification. Also enclosed was a note requesting the statement be returned to me with the receipt. This has not been done so I do not know the name of organisation and department or its address. All I have is a cheque stub.

The maps on hand look sufficiently interesting to want a few more. Please order for me one each of Bathurst Island, Melville Island, Junction Bay, Wessel Islands, Truant Island, Arnhem Bay, Gove, Blue Mud Bay, Port Langdon, Katherine, Urapunga, Roper River. These are to be sent and billed to me as above. You might also ask them about my statement and receipt, but don't make a fuss over it. Thanks in advance for your trouble.

Best Regards,

Grote Reber.
