Mr. Grote Reber
212 West Seminary Avenue
Wheaton, Illinois

Dear Sir:

Acknowledging your letter of February 6, we are pleased to tell you that the 14-9/16" and 12-5/16" dimensions on fin on section "AA" of the cone are correct. Also, the reason for constructing the band in two pieces rather than one is because we were able to work this size into earlier production. In order to insure the band fitting properly in your ring, we have changed the outside diameter to read 45-7/8" plus nothing minus 1/8".

We believe these changes are clear enough so that additional prints will not be necessary, but will appreciate very much your immediately getting in touch with us if there are any questions.

Very truly yours,

ALUMINUM COMPANY OF AMERICA
