

June 15, 1987

*Sent via DHL on 17/6/87, Rec'd 22nd,*

GREETINGS GROTE:

Here is information that I have gathered in response to your letter dated March 31, 1987.

A) ROCKWELL COLLINS MECHANICAL FILTERS:

Delivery time on custom designed filters is ~5 months, note the \$2200.00 price tag.

B) LAB-TECH SPECTRUM PIEZO PRODUCTS:

Custom designed crystal filters to meet your specifications are very expensive. Delivery time 5 months.

C) NEW ENGLAND ELECTRIC WIRE CORPORATION:

I managed to obtain a great deal of information on Litz wire.

D) NORAMEL COMPANY MONTREAL, CANADA:

Ferromagnetic Products Catalog.

P.S.: I'm still waiting for a catalog from Allen-Bradley Associates, formerly Indiana General Co., New Jersey, U.S.A.

E) ELECTRONIC RESEARCH LABORATORIES, INC.:

I have ordered a Boonton Radio 190A Q-meter specification:

Rf. Range: 20-260 MHz.

Q. Range: 5 to 1200.

Resonating Capacitor Characteristics: 7.5 to 100 pfd.

Cost: \$900.00 U.S.A.

F) I am also sending you the Ashton Site Ionosonde records for the period of January 8-31, 1987.

P.S.: As soon as the Allen-Bradley ferrite products catalog comes in, I will send it to you.

Take care, Grote.
