

1/11/63

Dear Mr. Reber:

When looking over the "literature" from the internal revenue service, it occurred to me that it just might be possible for you not to get penalized on your 1963 report if you sent it in and paid in full what you owe by January 31. On the off chance that you might do so and that it is worth this gamble, I am enclosing the pertinent information. Toward the back of the enclosed booklet you will find the forms for declaration of estimated tax for 1963 (which should be sent in quarterly beginning April 15). On the reverse side of the forms is the information about a declaration and instructions. I have marked the paragraph which might possibly apply in your case, reading it for the year back. That is, read 1963 for 1964 in your case, and 1962 income rather than 1963 (since this is for the current and next year).

Mr. Schauer thinks ^{to, that} there may be a possibility of not getting penalized. ~~too~~. Anyway, it's worth a try - unless you do not have all the information you need yet.

Enclosed are the reports which have come here for you. And I believe Research Corporation paid for two months in 1962, or \$1,000. I notice that Mr. Schauer's memo requesting cancellation was dated March 20 so probably that month was not sent.

The business about the number (your social security #) I believe refers to reports sent in by the companies re dividends in 1963. This bit of information is on page 2 of the enclosed. I will get that off to you shortly. Just wanted to get this in the mail so that you will get it in time to decide whether or not you want to try the Jan. 31 deadline.

Jennie
