Mr. Grote Reber
P.O. Box 2
Green Bank, West Virginia

Dear Grote:

I was very sorry to miss you on both of your passes through New York. I'll hope for better luck next time. We are undertaking to try to do something about the tubes you left behind and also the hearing aid cord. I am shoving off for the North country again tomorrow to check on a busted leg in the family but leave the problems in the usual competent hands which have followed through various of the things which we have gotten for you.

It sounds as though the Macquarie Island trip should be very interesting. You gave me a brief idea of it in earlier correspondence but I'd certainly be interested in more of a fill-in. Possibly you can give me a few more details when you know what part if any AUI via Emberson wants to do about the cost of the trip. In any case, I continue to entertain fond but regrettably vague hopes of a get-together somewhere before you get out of the country.

Continuing best wishes,

Charles H. Schauer

P.S. Incidentally, we haven't heard anything lately about the various items ordered from Mullard's. Please let us know if you have received all that you had requested and, if not, what is missing and whether you have any word directly from Mullard as to expectations on it. We have a substantial credit balance with them as far as our current records are concerned.
