Dear Mr. Reber:

Ken Kellermann gave me your letter of August 23. We are very pleased and happy that you wish to place the electronics and other material from your Wheaton dish in Green Bank.

NRAO will cover the shipping expenses for a container, as you suggest, as well as your round-trip air fare and per diem. Would one-month stay in Green Bank be about right? It will simplify things if we purchase the air tickets here and send them to you.

I leave it to you to fix the schedule, but let me suggest next spring, say sometime in April-May. The winters in Green Bank can be hard, as you know.

Sincerely,

A handwritten signature in black ink that reads 'Paul Vanden Bout'.
