Dear Grote:

Thanks for the opus of September 16th.
It does an excellent job of answering the questions
in my last letter, which probably crossed this in
passage somewhere around the middle of the Pacific.

We are going to work on the supplies for
the new experiment, and I will report to you as
soon as there is something definite to report.
I am particularly pleased to see your schedule
and learn of your plans. They are just what I would
have suggested if I had been in a position to do so.

Best wishes,

Charles H. Schauer
