Dr. Bernhard Haurwitz,
Center for Atmospheric Research,
Boulder, Colorado,
U.S.A.

Dear Dr. Haurwitz,

An abstract of your MAS paper appears on page 373 of SCIENCE, 15th October. When the final paper is published, please send a reprint to me. Enclosed is a reprint describing some of my findings. Do you know of any published results giving further information about the oscillation with an eight hour period?

Yours faithfully,

Greta Baker
