DIVISION OF GRANTS

405 LEXINGTON AVENUE

NEW YORK 17

CHARLES H. SCHAUER  
VICE PRESIDENT and SECRETARY

October 20, 1961

Dear Mr. Reber:

To get to your most important business first: I called the Isotopes office, and they assure me that the first batch of 4 samples (results of, rather) went to you on September 6. They should have been sent by air mail but at this date they are not sure of it and think they could have gone by sea mail. I asked if they could send a duplicate of that report and they said those results had been included in a summary which had gone to you on October 11th, along with the results of five more samples. Results on the 10th sample were sent on October 18, and we have now received the invoice for 6; they had previously billed for the first 4.

By this time you should have received all the reports. If you still have not, let me know and I'll get copies of all from them and we'll send them ourselves. I suspect perhaps somebody in their mailing department is trying to save the 25 cents per half ounce air mail cost.

We have ordered the transistors and the SILASTIC bands, asking that both be sent directly to you, the former by air parcel post, the latter by sea parcel post. As you get each parcel, would you please drop us a note so that we'll know it's o.k. to pay the bills.

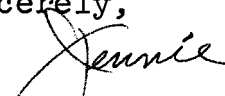

The book from Floyd Clymer has been sent to you.

All the Grants men have left for Yosemite National Park where the the Grants Committee is meeting this week-end and early next week. We are having Indian Summer but we cannot hope that it will last much longer.

Illinois Institute of Technology is trying to bring its business survey (of Alumni) of ten years ago up to date. The Alumni Assoc. would like the information requested on the enclosed copy of their reply card. Mr. Schauer wasn't sure you'd thank us for filling it out, so I'll let you decide. If you want to do so and to send me the information I'll fill the card out and return. Or you can mail the form directly to them.

I think this does it for this time.

Sincerely,

Alumni  
Association

ILLINOIS INSTITUTE OF TECHNOLOGY  
Technology Center  
3300 Federal Street  
Chicago 16, Illinois

Return to:

Dear Alumnus:

Ten years ago we made a business survey of our alumni and had wonderful cooperation. Now we're trying to re-evaluate our information as to present-day correctness. Will you help? . . .

The information is for alumni records only! . . . If there are other alumni associated with you at your business location, would you so advise us? We can correct their records, courtesy of you.

If there should be some change in your home address please so advise and REMAIL BOTH CARDS back to us.

Thanks!

A. J. Platt, M.E. '17, president  
Illinois Tech Alumni Association
