Mr. Grote Reber
c/o National Radio Astronomy Observatory
Green Bank, West Virginia

Dear Grote:

I was very interested to receive your letter of October 6. I'll look forward to testing your operation when we next see you. I assume that this may be in two or three weeks. If you wish us to do anything in that connection from this end, please let me know.

We are going ahead with the pulley order as requested. I imagine you will have quite an interesting collection of things by the time you get to Bound Brook.

Continuing best wishes,

Charles H. Schauer
