Dear O.M.

As per your "Ad" in C.Q. on page 123 of  
Oct Issue 1958 I have a brand new # 700 Remler  
Infra and Dyne Amplifier.

There is an Instruction Sheet and a catalog  
page showing 1930 Radio.

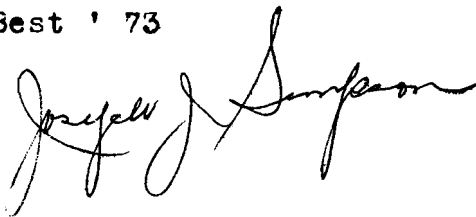

It is in original carton Brand New, never  
been used.

Enclosed is my list of "Wants" (My Collection)  
and extra parts to finish my old Ham set.

- A.  $\frac{1}{2}$  or 1 E I Spark Coil or Equivalent
- B. Old time Murdock or E I Helix or OscilCoil
- C. 6 or turn Honey Coil(comb) DeForest
- D. Fixed E I Co .01 or .05 Condenser

I hope we can get together on some kind of  
trade rather than cash. But O.K. if necessary.
