Mr. Ross Bateman  
C.R.P.L. Room 205 Radio Building  
National Bureau of Standards  
Washington 25, D.C.

Dear Mr. Bateman:

I am pleased to report that my Cosmic Noise apparatus is loaded into Pere Marquette car #92144. The bill of lading shows 89 items with a total weight of 15,419 lbs. The freight has been prepaid.

The car is classified as "Trap Car Service-Origin to Destination". It is routed from Wheaton via C. & N.W. ; then by express freight via B. & O. to Washington and via Wash. & Old Dom. RR to Herndon. It will be picked up here early tomorrow morning; be in Washington on Friday or Saturday and at Herndon by Monday the 21st.

The car carries C. & N.W. seals #8741655/56. The seals should be on the car when it arrives in Herndon. I wish to be present when the seals are broken and the car opened. To this end I have secured a reservation on the B. & O. for the 20th and will be at C.R.P.L. Monday morning the 21st. We can go out that afternoon or the next morning. I wish to be around when the car is unloaded.

Be seeing you in a few days.

Best regards,

Grote Reber

P.S. I hope the Wurzburg from Coles arrived safely and was unloaded with care.
