

March 7, 1962

Dear Dr. Grote Reber,

We are most grateful to you for your speedy reply to my letter of March 2nd. What a pity we do not have that Kamahina flow going over a stone wall. Then we would know that Maui had been occupied by that time. Anyway, this is a very useful date, and it should be after the time Maui was settled.

We will keep you on our list for published dates from Hawaii. Thank you for the reference to the chemical aid for relative dating of COASTAL SHELL MIDDENS.

You are missed on Maui,

Sincerely yours,

Kenneth P. Emory.
