REHLER COMPANY
2101 BRYANT STREET
SAN FRANCISCO 10, CALIFORNIA

GENTLEMEN:

THIS LETTER RELATES TO SOME ANCIENT EQUIPMENT OF YOUR MANUFACTURE. DURING THE PERIOD 1926 TO 1930 YOU SOLD AN I.F. STRIP CALLED AN INFRADYNE AMPLIFIER. IT USED THREE UX199 TUBES AND OPERATED AT A FREQUENCY OF 3500 KC.

WE WOULD LIKE TO SECURE, FOR EXPERIMENTAL PURPOSES, ONE OR TWO OF THESE INFRADYNE AMPLIFIERS AND THE APPROPRIATE TUBES. IF ANY ARE STILL AROUND PLEASE GIVE CONDITION AND PRICE. IF NONE REMAIN IN YOUR POSSESSION, PERHAPS YOU CAN SUGGEST WHERE A SAMPLE OR TWO MIGHT BE SECURED OR MAKE SOME INQUIRIES ABOUT SAME.

YOUR COMMENTS AND SUGGESTIONS WILL BE MUCH APPRECIATED.

VERY TRULY YOURS,

GROTE REBER
