

RESEARCH CORPORATION

DIVISION OF GRANTS
405 LEXINGTON AVENUE
NEW YORK 17

CHARLES H. SCHAUER
VICE PRESIDENT and SECRETARY

February 8, 1961

Dear Mr. Reber:

Enclosed are various things, including some papers concerning your shipment and a copy of a memorandum from Mr. Campbell concerning them.

I guess you have to make a decision on the Warrant from the Gary-Wheaton Bank, so it and the correspondence pertaining to it are enclosed.

Regarding your article entitled "High Gain Triode of Forty Years Ago," Mr. Steele, Editor of Transactions on Electron Devices, has written:

"Your paper has been given careful consideration by our reviewers and although they find it to be of considerable interest, it is felt that the material presented is not of sufficiently new or general interest for publication in the TRANSACTIONS. It has been recommended that the material be submitted to the IRE PROCEEDINGS as a letter to the editor. I am sorry that we will not be able to publish your paper in our journal, but I wish to express our appreciation for the opportunity of considering it."

You have received a request from Thomas J. Higgins, Professor, Dept. of Electrical Engineering, University of Wisconsin, for a copy of the reprint of your paper in PROCEEDINGS, IRE, December, 1960. Had you ordered any reprints of this?

Edward A. Bakley, No. Locust Avenue, Marlton, New Jersey, writes: "Could you use a 1922 Western Electric 7A Amplifier and two 216A tubes, one 205D tube?"

Enclosed is a list of what is going to you via sea mail today. Also enclosed is a list of mail which has been received and is being kept for you here unless we hear from you otherwise.] *will send notes*

Dr. Jerome B. Wiesner has replaced Kistiakowsky as chairman of the President's Science Advisory Committee. He can be addressed at the White House.

We've been having some snow - which, among other things, delayed the Schauers' departure for Tucson by 25 hours.

Sincerely,

Jennie

Sent by sea mail to Mr. Reber, February 8, 1961

Credits to GR account, Harris Trust and Savings Bank:

U.S. Tobacco Co.	\$ 45.00
Northern Ill. Gas Co.	9.00
Gary-Wheaton Bank	100.00
Commonwealth Edison Co.	53.00
Columbian Carbon Comp.	60.00
Warner-Lambert Pharmaceutical Co.	111.30
Pittsburgh & Lake Erie RR Co.	150.00
Chesapeake and Ohio Rwy. Co.	200.00
F. W. Means & Co.	17.50
Boston Edison Co.	90.75
Melville Shoe Corp.	40.00
R.C. January check	500.00
Swift & Co.	48.00
Central Aguirre Sugar Co.	80.00
M-G-M, Inc.	40.00
Detroit Edison Co.	84.15

Also included are various advices from some of the above concerning their dividends for the year which might be of help on the income tax problem.

International Astronomical Union Preliminary Program of its meeting in August.

A copy of the "Reversed Bean Vines" reprint, a supply of which has been received here.

More correspondence on your article in December 1960 PROCEEDINGS OF THE IRE. (Couple of these had attachments so I thought I'd send them all via this slower method as your recent letter seemed to indicate that speed in getting these to you was not essential.)

Letter and enclosure from John M. Boyle of the U.S. Naval Ordnance Test Station, China Lake, Calif., who would like some comments from you.

And finally, of course, information on preparing an income tax return and some copies of Form 1040.
