

RESEARCH CORPORATION

DIVISION OF GRANTS

405 LEXINGTON AVENUE

NEW YORK 17

CHARLES H. SCHAUER
VICE PRESIDENT and SECRETARY

October 26, 1960

Mr. Grote Reber
212 West Seminary Avenue
Wheaton, Illinois

Dear Grote:

Thanks for your note of October 24 and the wrap-up of your current plans. We're getting all braced for your arrival here. In that connection, however, you have us slightly puzzled. The general tenor is that you are likely to be here in New York at the end of October, but your request for a reservation was "30th November thru 6th December," with a note that you'd call here first thing on the first. If we have interpreted you correctly, despite this specification, you have a confirmed reservation, nailed down by a deposit, at the Hotel Latham starting the night of Sunday, October 30. If this is incorrect, please advise immediately so the proper arrangements can be made.

I don't expect to be in the office on Monday, the 31st, or probably for a few weeks thereafter. I am scheduled for some renovation of my plumbing on the 31st. Sam Smith will be in charge of things as far as Grants are concerned and will undertake to lend you any hand possible. Meantime, your request to reimburse your account of the past eighteen months or so has gone in and in all likelihood there will be a check awaiting you.

I hope I'll be in some degree of circulation before your next departure for down under. Aside from general interest in catching up with your doings and immediate plans, I'd like to settle down sometime to getting a list of your publications over the past few years for our records, and possibly you could whip this up for us even though we don't have a chance to talk. In the latter event,

Mr. Grote Reber

October 26, 1960

I will still cling to some hope of seeing you in Australia sometime during the next year.

We would like to be sure that you and Dave Black in our Patent Division get together while you are here. Possibly this should be a first priority item if we are to do anything with your patent.

Continuing best wishes,

Charles H. Schauer
