Dear Mr. Arthur:

Thank you very much for your letter of the 1st and enclosure NACA-TN No 1493. I have discussed the contents with Walter Munk. He believes a reasonable estimate of conditions around Maui may be secured by taking the mean of stations C and D. We did this for a few values and I am working up the results in more detail. I have also placed an order for a set of sea and swell charts # 10712 D as you suggest.

Thank you for your interest and assistance.

Sincerely yours,

Grote Reber
