MAUI,  
TERRITORY OF HAWAII.

Dear Reber,

I have just received your letter of October 29 about the possible low frequency observations. I want to go into the thing as carefully as possible with expert advice from Bracewell and one or two other similarly knowledgeable people and I shall then write you in detail, (say in a couple of weeks).

If the prospect looks good I should be delighted to arrange a co-operative venture along the lines you suggested.

Yours sincerely,
