

Dear Grotte —

The enclosed deed must be signed by you and notarized as directed before the title can be brought down on the property at 212. A letter will follow — as for now,

please send this
document back
to Bert as
soon as possible.
Schuy & I &
children have
made a special
trip to Wheaton
to try to get
this matter
settled. Schuy
left for the

West Coast Today
I leave tomorrow
to drive children
home to Louisville.

Vacant property
is scarce — the
matter of moving
the house is
now involved
because of
scarcity of land.
I'll write you

the details of
all that when
I get home -

Please be
prompt about
returning this
document to Bert -

More later -
