Dear O.M.

Mail very slow now, no good leads
anywhere.

I just received my Radio Electronics
Feb. 1959 issue and found the following in-
formation, which I hope will do you some good.

On page 145 on Business people, it says,
Mr. L.E. Gillingham former marketing Director of
old Remær Co., has been appointed some job plus
advertising Manager for Altec Co., Inc of Anaheim,
California.

Now if you will write him, maybe he will
come up with some of Infradyne dope and parts.

That's all for now,
