

19th February, 1964.

Mr. Schlieben,
P.O. Box 994,
PRETORIA, S. Africa.

Dear Mr. Schlieben,

Some time ago Professor Dr. H. Walter made an arrangement with you to send us some bulbs of Senecio volubilis. As it is probably getting close to the time when these could be collected, I am writing to let you know that we are still interested and are quite happy to pay any costs involved.

Thanking you in anticipation.

Kind regards,

Yours sincerely,

D. Martin,
Officer-in-Charge.
