Dear Mr. Reber:

In reply to a previous request of yours concerning further information about 8 hr. oscillations, the reviewer has recommended the following references:

Kertz, W., *Atmosphärische Gezeiten in Handbuch der Physik*, vol. 48, pp. 969-970.

Chapman, S. and coll. in *Gerl. Beitr. Geophys.*, vol. 33, pp. 246-260 (1931).

Wilkes, M. V., *Oscillations of the earth's atmosphere*. Cambridge 1949.

Hann-Suring, *Lehrbuch der Meteorologie*, 5th ed. (1938), pp. 293-296.

Hann, J. von, *Denkschriften Akad. Wiss. Wien, Math-Nat. Kl.* vol. 95, pp. 1-64, 1917.

These will also lead to additional references. I hope that this information will be of value to you.

Sincerely yours,

Thomas A. Gleeson  
Assistant Editor
