Dear Grote:

Much appreciation for your kindness in sending me the reprints. Hap has kept me posted a little on your recent activities. I am curious though to know whatever happened on the carbon dating business and whether you ever got in touch with Paul Damon at Arizona. Did you ever get around to visit with Harlan Smith and the other young radio astronomers?

I told Liz you had sent me some reprints. She sends her very best and the kids would have me say "hello".

Best regards,

Alfred Kelleher
