

31st July, 1964.

Mr. J. W. Wishart,  
Asst. Government Analyst & Chemist,  
Chemistry Division (Govt. Analyst),  
24 Campbell Street,  
HOBART.

Dear Mr. Wishart,

Thank you very much for your trouble in  
determining the optical rotation of the various solutions  
supplied.

For your interest the solutions were  
extracts of -

- B Lefthand twining Macquarie Vine
- H Righthand twining Macquarie Vine.

It was a quick glance to see if there was any difference  
in direction of optical rotation, obviously there is not.

Yours sincerely,

D. Martin,  
Officer-in-Charge.
