P.O. Box 248  
Penticton, B.C., Canada  
V2A 6K3

Dear Dr. Galt:

The October 79 issue of  
Jnl. RASC on page 303 mentions results  
of 22mc polar array survey. About four  
years ago I visited your establishment.  
The telescope was in process of construction.  
Please send to me single copies of whatever  
results are now available including details  
and descriptions of the apparatus.

Best wishes,

*Grote Reber*
