Dear OM:

Thanks for your letters of the 13th + 22nd. You certainly have a fine collection of early radio magazines and you keep them in good shape all bound and in order. It is a library to be proud of. About all I can offer is the suggestion that you contact Bob Farmer, 3009 N. Columbia St., Plainview, Texas. He deals in old radio magazines. I have purchased three with articles about the Infadex receiver.

I never was able to get any UX199s but I did secure some UX120s which are rather similar. These I used to make the amplifier operate. It worked very well and I measured up its characteristics as an I.F. strip. These results have been submitted to the IRE for possible publication on old time gear. If and when some reprints are available, I'll see that you receive a copy (probably 6 or 8 months hence).

Will write again,

Your friend and neighbor,

FB!!
