G. G. HOPKINS

12/24/61

Dear Grote,

Had hopes that I would have something to report re the old gear in Mass. (Clifford Kunz) but personal circumstances prevented me from going to New England this past Fall. It would appear now that I will not visit my brother until well into the spring.

Enclose find the latest "Bulletin" - don't very much whether you can find time (or material) to pursue your

interest in early radio at your present
QTH; however here's something to read - hi!

Will keep you posted of anything
of interest.
